BOARDMAN LANDS SOON OPEN TO ENTRY

First Unit of New Project Will Be Open to Entry on June 14—Land Under Water Beautifully Situated.

Boardman, Ore., May 24.—The first unit of the lands of the West Extension will be opened for settlement June 14. A copy of the public notice has been received by the project engineer at Hermiston naming the date and prescribing the methods of filing and payments of the water rights. These lands lie chiefly within a radius of one to four miles of the new town of Boardman. The opening was expected to take place last January but because of technicalities in the title of some of the lands in private ownership included within the unit, it has been delayed. This has also delayed the progress of the new town which is expected to go ahead much more rapidly.

Twenty-eight homestead tracts will be subject to entry varying in size from 25 to 40 acres of land under irrigation. Some of these tracts contain as high as 80 acres and the non-irrigable portions can later be provided with water. This land lies in The Dalles land office district where filings will be received from June 9th to 14 at 9 a. m. These filings may be made before U. S. Commissioner C. G. Blayden at Boardman and sent to The Dalles. All filings made between June 9 and 14 will be considered prior to those made at or after 9 a. m. June 9 and will be considered simultaneous. If there are more than two applicants for one tract a drawing will be held at the land office and the unsuccessful candidate will be given an opportunity to amend his application for another tract. Those visiting the land can obtain full information from Mr. Blayden as to how to proceed. Information can also be obtained at Boardman as to the location of the various tracts.

Application for water rights must accompany the filing. The government will require a 5% cash payment from successful applicants on the water right and this is the only payment that is required for five years.

About 2700 acres in all will be opened for irrigation this year and the water is now in the canal and turnouts are in place every quarter of a mile. One hundred men and as many horses are in camp near Boardman constructing laterals for the land opened this year and the remainder of the 1100 acres that are to be opened for next year's irrigation.

The homesteads are all fine level land and it is expected they will be taken at once.

HEPPNER 25 YEARS AGO

25 Years Ago in Heppner
From the Gazette of May 27, 1891.
Gene Gilman of Wagner has just made the sale of 200 head of horses, buying in their stead 1000 head of cattle.

Andy Cook says that crops are looking well over on Butter creek, and that grasshoppers are plentiful but doing no particular damage.

Condon Globe: A rumor in Pendleton has it that a railroad is projected from the Fossil Coal mines to Arlington to connect with the main line of the Heppner branch of the Union Pacific, and also from Heppner to the Butter creek coal mines, thence to Camas prairie and to the Greenhorn mining section.

Arlington was visited with a small cyclone last Tuesday, tearing down two unoccupied store buildings and filling every conceivable place full of sand and dust. We have heard of no lives being lost.

A Chicago special to the Oregonian says: Hon. Henry Blackman, ex-mayor of Heppner and state senator, representing Morrow, Harney and Grant counties in the last legislature, arrived in Chicago from St. Louis on Sunday. He has been spending several weeks at the Arkansas hot springs for his health, which has been quite poor the past four months, is very much improved.

Portland, East Portland and Albina as one city would make something of which the entire Northwest will be proud of. They will consolidate if the wishes of their residents are not thwarted by capitalists whose petty interests are not in keeping with such a move. It is reported that such consolidation will succeed.

NO PREACHING AT FEDERATED CHURCH

There will be no preaching at the Federated Church next Sunday at 11 a. m. on account of the Union Memorial Services and none at night. I am excused so I can attend the Milton College Commencement exercises on my way to the District Conference that convenes at Wingville's next week. I regret being absent from the Memorial Service Other services of the church as usual. Rev. H. O. Perry, District Superintendent will preach at the Federated Church, Sunday June 4th, 11 a. m. and 8 p. m.

W. B. Smith.
