If before that time the amount is raised, Mr. Hill, as per his agreement, will donate to the fund, \$50,000. The necessary money has nearly all been raised and the fund is practically assured. Because of his very severe illness, Jesse Dobyns, member of the graduating class, could not be present to present his part on the program, the Class Will. Jesse was taken sick the middle of last week and on Saturday was taken to Portland where he is now under the care of a physician in one of the hospitals there. He underwent a major operation and at this time his condition is such that he may not recover. This was a great disappointment to him and the other members of his class. He had a great ambition to graduate, and though he has not been in good health for the past year, he has kept to his studies and passed his graduation examinations, and it is indeed sad that he was not spared the few days necessary to graduate him with his class.

The past year has been a successful one in the Ione school. Next year even better things are promised. A new department is to be added, that of domestic science and art. Miss

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Heppner People Know How to Save It.

Many Heppner people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Heppner citizen's recommendation.

J. H. Cox, carpenter, Heppner says: "Whenever I caught cold, it settled in my kidneys and caused an attack of lumbago. At times I was sick abed for at least a week. Being advised to try Doan's Kidney Pills, I did. They did me more good than any other medicine that I ever took. I am greatly indebted to Doan's Kidney Pills for their good work."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cox had. Foster-Milburn Co., Props., Buffalo, N. Y.

Della Jackson, a graduate of O. A. C., Corvallis, will be the teacher in charge. This year manual training was started, and under the direction of Prof. Perry a good work has been done since the first of the year. The erection of a new wing to the school building was necessary to care for the increased attendance and to house the manual training and domestic science departments. A splendid display of the work done in manual training was exhibited at the Ione Pharmacy for several days and was the cause of much surprise and a great deal of favorable comment. We mention some of the pieces and those who made them: A large library table, Mission style, by Isaac Williamson; large music rack, Earl Blake; music rack, David Rietmann; music rack, Chas. Cochran; reading lamp, Wayne Schriver; combination book and magazine rack, Robert Rietmann. Besides these there were umbrella stands, foot stools, both upholstered and plain, waste paper baskets, table-ettes of different styles, a number of magazine racks, tie holders, broom holders and ironing boards. Work started at Christmas in this department, and for the time employed a very creditable showing has been made, and the articles displayed all showed skill and careful workmanship in construction and finish.

J. A. Hughes, a pioneer resident of this place, suffered a very severe stroke of paralysis while at work in his yard yesterday morning. He has recovered sufficiently to be able to speak, but it is feared that he may not recover, owing to his age.

Mrs. R. F. Wilnot has returned to her home at Ione after a visit of some two months at the home of her daughter, Mrs. W. P. McMillan, in Lexington.

Miss Kitty Wilnot returned home Monday from Portland where she has been for the past two months serving as a nurse in St. Vincent's hospital.

Mrs. E. D. Godfrey, of St. Johns, Oregon, mother of Mrs. Bert Mason, of this city, accompanied by her sister, Mrs. E. Frost, of Maynard, Iowa, have been visiting the past week at the home of the Masons. Mrs. Frost who has been on an extended visit to the coast, departed for her Iowa home yesterday.

The most of the teachers of the Ione school take their departure this morning for their homes in various parts of the country. Miss Grace Hotchkiss, high school teacher, goes to her home in Chicago; Miss Victoria Schmidt to Sisseton, S. D., and Miss Maud Wakefield to Creswell, Oregon. Mrs. Earl V. Puyear departed also for Butte, Montana, to join her husband who has been located there for some time past. Miss Wakefield and Mrs. Puyear will both return in the fall as they have been engaged to teach here the coming winter.

Mr. and Mrs. G. W. Myers, and Mrs. H. C. Seymore, father, mother and sister of Mrs. C. W. Reynolds, are visiting in Ione this week, guests at the home of Mr. and Mrs. Reynolds. Mr. and Mrs. Myers reside at Dallas, Polk county, and made quite an extended visit in Ione last fall. Mrs. Seymour resides at Corvallis.

Rev. H. A. VanWinkle of Tillamook, spent Tuesday in Ione. Mr. VanWinkle was formerly pastor of the Christian church at Heppner and has many friends in this city. He is working in the interests of the endowment fund of the Eugene Bible University.

Goe. N. Ely, warehouseman of Morgan, was a visitor in Ione yesterday. He says the crops all look fine throughout his section, but harvest will be at least a month late because of the cool weather.

Mr. and Mrs. C. E. Perry leave today for their home at Richfield, Wash. Mr. Perry has had charge of the manual training department of the Ione school during the past year, and also directed athletics.

A large number of the citizens of this place auted to Heppner on Sunday to witness the ball game and root for the Ione boys. They report a very good game regardless of the beastly weather.

Rev. J. L. Jones, P. G. Balsiger and C. M. Schriver attended a conference of the Congregational church held at Condon Monday and Tuesday. They represented the Congregational church of Ione.
