 - Five Passenger, six cylinder, 45 horsepower - - - \$1170.00
 - Five passenger, four cylinder, 35 horsepower - - \$785.00
- These prices are F. O. B. Heppner

BUICK DESIGN

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in-Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Tires 31x4 inches.

All Buicks have the Delco lighting and starting system. There is none better.

Hitch a Mogul Jr. to Your Heavy Housework

YOU have long wanted a clean, simple little engine easy to handle on many jobs. Here it is—the Mogul Jr. 1-H. P.—the proper engine for the housewife. Let it take the dread out of wash day. Let it do your pumping, running cream separator, etc. Make a Mogul Jr. your drudge.

Mogul Jr. is mounted on trucks. It is so simple that a boy or girl can start and operate it—a girl can move it. It is throttle governed—starts and runs on the magneto—no batteries are needed—no switch to close—no wires to work loose or give trouble—operates on gasoline or motor spirits.

It is clean. The enclosed crank case covers the gears and keeps all the oil inside where it belongs.

Every detail makes this the most satisfactory labor saver for the housewife—at a reasonable price. Don't delay. Ask your IHC dealer to show you a Mogul Jr. The larger sizes, 1 to 50-H. P. and tractors 8-16-H. P. to 30-60-H. P., are kerosene engines.

HUGHES IS MAKING VIGOROUS CAMPAIGN

American Rights.

"No one could successfully present to an American audience that an American citizen's rights stopped with the coast line."

"There is not a particle of militarism in my composition, but there is Americanism in its place, and if elected, I am going to see that American rights are protected."

Labor.

"The working man is not asking anything he should not have. All he wants is a square deal."

"No such thing as prosperity exists for just one class in America, unless it exists for all."

"The Republican party does not stand for the prosperity produced by the war, but for a prosperity produced by sound American policies; these are what we propose to have."

Preparedness.

"Do not let us get this country into a low patriotic plane so that we are content with disesteem, with the scorn of the world."

"I am an American citizen, ought to be the proudest title in the world."

Civil Service.

"We had in the coast and geodetic survey an eminent scientist. He was displaced to make room for an excellent stock breeder."

"It is the most unworthy thing an administration can do to take public business and pay political debts with it."

Mr. Hughes Has Exploded the "Kept Us Out of War" Argument.

Mr. Hughes' attack upon the "kept us-out-of-war" argument has aroused a storm of enthusiasm.

"Kept us out of war?" he demands. "Why, there were nineteen men—good American soldiers, shot down at Vera Cruz, and many Mexicans were killed by our men. That was war. Moreover, it was a very ignoble war. I have heard three explanations of the Vera Cruz move.

"First, it was explained that it was made in order to compel somebody to salute the flag—somebody who had insulted us. But the flag was not saluted and has not been to this day. Then it was said that the salute was not what we sought, but to prevent the landing of a boatload of ammunition intended for Huerta. The ammunition landed, however, and it has been shown that it reached Huerta in due season without interference on our part.

"When that reason was shown to be untenable a third one—and possibly the real one—finally was advanced. It was said that our seizure of Vera Cruz was a move to compel the retirement of Huerta. It seems possible that this is true, although we had promised the Mexicans that we would not interfere in their affairs and told them more than once that we wanted them to handle their own affairs.

"That is why the Mexicans could not understand us and that is why they show little faith in our promises."

Need of Constructive Legislation.

Just before the European war broke out, we had a million skilled mechanics out of work, and nearly half a million railroad men were idle, together with nearly half a million freight cars. The railroads were suffering from lack of freight to carry to market and industry was gradually becoming stagnant. In Louisiana 200,000 acres of sugar land were ploughed up because of Democratic changes in the tariff law. It is generally conceded by all save the blind that the country was not progressing. Attempts were made to keep courage up by the predictions made by Secretaries McAdoo and Redfield and President Wilson, of the great trade booms which were soon to appear, but which failed to materialize until the outbreak of war on the Continent.

High Lights of Hughes' Address in Chicago.

"As I was one hundred per cent. judge I became one hundred per cent. candidate."

"The most serious charge against the present administration is putting incompetent men into important positions."

"I propose that when a man goes to represent the American people he shall be looked upon with respect and esteem."

"Nobody has the right to pay political debts with the good name and honor of the United States."

"I propose to have no more 'kiss me and I'll kiss you' appropriations in Congress."

Women Should Be For Charles E. Hughes, Says Roosevelt.

"Mr. Hughes has unequivocally taken the right position, and as regards all other positions he, and not his opponent, is entitled to the support of both men and women, and therefore the women in the Infran-

NEWS NOTES FROM NEIGHBORING CITIES

Attorney Otis Patterson has just received word of his election as a member of the Advisory Board of the Pendleton Round-Up, from Grant County, by the Pendleton Round-Up Association.—Caynon City Eagle.

The Eagle takes pleasure in proposing a Tight-Wad week. During this week we would all live on the lean of the land, save our money and spend it all next week. This would give us a beautiful illustration of a whole town of Tight-Wads and its full and true significance might penetrate. The entertainment for the week would be turned over to the knockers. This would make a good experience for many a town's progressive spirit emanates from fear. Let's all tighten up and spend one glorious tight-wad week with none but the knockers beating the base drum.—Caynon City Eagle.

Miss Ina Johnson of Heppner is visiting her relatives at Popular farm. She is also spending a few weeks with her sister, Mrs. Turner on her homestead, Sunny Hill.—Caynon Times

Snow In The Mountains.

Snow in the highest points of the Blue Mountains south of here is reported by W. W. Cryder, supervisor of the Matilla forest who returned last evening after spending two weeks in the mountains. Lookout mountain is white, he reports, snow having fallen there Thursday and Friday. At Ukiah he states the thermometer fell yesterday to the point where an overcoat was necessary for comfort. The supervisor reports that range conditions are ideal for this time of year, grasses and water being plentiful. Only one little fire started from lightning, occurred while he was away and this was quickly put out.—Pendleton E. O.

R. J. Carsner of the Three Bar Ranch shipped a car of hogs from Heppner this week.—Spray Courier.

Mrs. Lillian Cohn well known milliner, returned last night from an extensive buying trip throughout the northwest. She was accompanied home by Miss Gordon of Portland, who will be head trimmer in the Cohn hat shop.—Pendleton E. O.

Blue Book Men in Town.

Blazing the trail for the Pacific Coast Blue Book, S. Lisberger and A. M. Cooley, of San Francisco, passed through Heppner last week in their big Kissel car. The men entered Morrow county over the Olex road by the way of Ione, Lexington and Heppner and on to Echo. They then returned and went over the upper road through the Eight Mile and Gooseberry country to Olex. Mr. Lisberger made the statement that the official Blue Book favored no road more than another but that an honest attempt was made to list the correct condition of the various routes for auto travel. The men left San Francisco June 8 and will journey into the British Columbia before again turning south. It is their plan to connect the Columbia highway with the Lincoln highway in their next publication.

Increases Hay Yield.

Elis Minor, son of Mr. and Mrs. C. A. Minor of this city, who purchased the Vincent ranch on Butter creek last Spring from Dr. A. P. Culbertson has greatly increased the hay yield on that place. Last year the ranch produced only 80 tons of hay and this year Mr. Minor estimates his alfalfa crop at 200 tons. By enlarging his ditches and increasing his hay acreage, Mr. Minor has increased the yield. Under the work he has outlined, including the new ditch which will be constructed, he estimates the ranch's hay production at the end of three years, in the neighborhood of 800 tons. There are 240 acres of land on the creek bottom and several hundred acres of grazing land on the hills. Mr. Minor expects to run a band of sheep this Fall.

Party to the Greenhorns.

A party consisting of Osmin Hager, Silas Wright and Fred Elder left Heppner Wednesday for the Mayflower mines in the Greenhorn mountains, where Dan Stalter is busy at the present time in mining. They will be away from Heppner two or three weeks.

6 lots 40x90; 1 lot 50x110; 1 8-room dwelling, woodshed and other outbuildings; 1 5-room dwelling, woodshed and other outbuildings; 1 barn, used for livery stable, 64x64. This property is in a small eastern Oregon town and is for sale at \$1500 cash or will trade for Heppner property, Morrow county wheat land, or would trade for an auto. Owner's business calls him away and he is desirous of closing a deal on this property before leaving. Further particulars will be given by calling on us.

SMEAD & CRAWFORD.

cluded States who do not in this election support him forfeit the right to say they have done their utmost for their sisters in the non-enfranchised States."—From a letter of Theodore Roosevelt to Miss Alice Carpenter.

"Teach Them To Shoot"

Remington UMC
22 Caliber Rifles

THE American father today has pretty much forgotten the old notion that any chance rifle "will do" for his boy. The known facts about rifles point as strongly to Remington UMC in the .22 calibre arm as in the big game rifles.

Every year, thousands of boys the country over are given a Remington UMC .22 Cal. Rifle and are taught how to use it—by their fathers. It's a good investment with any developing youth.

Remington UMC .22 Cal. Repeating Rifle with the famous Remington UMC Slide Action and Solid Breech—hammerless and safe. Shoots 15 Shots, 22 Long or 11 Long Rifle Cartridges without reloading—easily taken apart without tools. Remington UMC .22 Cal. Auto-loading Rifle—15 shots, handling Remington UMC Auto-loading .22 cartridges (rim fire). Hammerless. Magazine in stock. Take-down without tools.

Clean and oil your gun with REM OIL, the combination Powder Saver, Lubricant and Rust Preventative
