PORTLAND CORNETIST WITH ELKS' BAND

(La Grande Observer.)
Several hundred La Granderers were out last evening to hear the Elks band in its weekly concert and the universal query was, "who is producing those beautiful tones?"
They came from Andrew Loney, former Portland cornetist, who has come to La Grande to make his home and be a member of the La Grande Elks' band. Mr. Loney played several solo parts and experienced and versed critics declare La Grande has not heard such cornet tones before. When the rest of the band gets the swing of accurate accompaniment, La Grande will hear some great music. Another man that made a decided

ANDREW LONEY.

Clever Cornetist With Elks' Band.

Impression last night was Mr. Perrine a trombone player, who is also a new face in the band, and Mr. Homme, the new tuba player got off to a good start.

It was Mr. Loney however who was heard most frequently and the audience was charmed with his ability. He has been solo cornetist for the Portland Elks' band, in his uniform he is shown in the picture; was with the Royal Rosarian band; the Portland band; assistant director of the first artillery corps band, solo cornetist in Chautauque circuits; director of high school bands in the city of Portland, soloist in Larson's band and orchestra and other Portland institutions. He teaches the Weldon system of cornet playing.

"One of Portland's best cornet players" says the Oregonian of him and the Portland Journal declares "Andrew Loney's cornet solos were well played and enthusiastically received."

"We intend to accumulate a group of players that need back off for no band in the state" declared leading Elks after the introduction last night of a group of these artists, "and feel we have a good start already."

Spilled Hay Is Used For Roads.
Farmers of the lower Butter creek sections have done as The Gazette-Times suggested last week, and the roads are being greatly improved with the spoiled hay there. The hay, much of which is alfalfa, is proving an excellent antidote for chuck holes and many sections of the road have been greatly improved by this action.

NATIONAL HUGHES ALLIANCES ORGANIZED

The Hughes Alliance originated in New York as a state organization in 1908 when Mr. Hughes was governor. It was the instrumentality in the state through which many men did practical and effective work for his re-election, and did it without distinction or difference based on their accustomed political affiliations.

Under the leadership of staunch friends of Governor Hughes and in full co-operation with party and other organizations working to the same end, the Hughes Alliance enlisted and made effective the concrete political efforts of men and women who gladly accepted this kind of an opportunity to do something to continue the Hughes standard of public administration in state affairs. The work of the Alliance was a striking demonstration of the way in which, at a time of crisis, ordinary party differences may be subordinated and the independent sentiment of the state made politically effective.

Governor Hughes' candidacy for the presidency in 1916 made a broad and stirring appeal to all Americans irrespective of National party affiliations, and a broad appeal likewise to the independent sentiment of American communities, which too often is not definitely correlated to the work of party organizations. Governor Hughes had hardly arrived in New York, following his nomination in Chicago and his immediate resignation from the bench, before suggestions began to come in from all parts of the state that the Hughes Alliance of 1908 should be re-organized, to render the same kind of service to the republican nominee in 1916 as when he was the candidate for the governorship. Then from various parts of the country came the suggestion that the Hughes Alliance be also organized on a national scale.

Branches are forming in every state with the express approval of Mr. Hughes and the party managers. A central committee is in charge of the campaign activities of the Alliances. County and local branches will be formed in connection with the state branches. An earnest appeal has been made that all clubs forming with the intention of working in the Republican campaign affiliate directly with the Hughes Alliance. In many states clubs already formed have become special branches. The Women's Roosevelt League in New York has become a branch in New York city. This direct affiliation insures complete co-operation and affords an equal opportunity to every individual, group or organization interested to contribute equally to the object which all have in view—the election of Charles Evans Hughes. The co-operation of all kinds of organizations of men and women is desired; a special provision of the constitution declares that as the Hughes Alliance is an organization of voters made up of American citizens, no branches should be known or designated as representing citizens of any particular foreign extraction. "Straight American." "Undiluted and 100 per cent will be the basis of organization of the Hughes Alliance.

The timeliness of such a nationwide organization is especially recognized by the advisors of Mr. Hughes in view of the disposition of many Democrats to oppose Mr. Wilson's re-election and in view of the conditions resulting from the republican division four years ago. Through the Alliance many progressives and Democrats as well as republicans, will work for Mr. Hughes' election and not merely vote for him, and they will find in the Alliance a convenient rallying point for their political activities this year.

The officers the National Alliance are: President, Camron Forbes; Vice President, Philip McCook; Secretary, Arthur F. Crosby, with a full executive board.

The Chairman of the Women's Committee is Miss Frances A. Kellor. There is under formation a committee of one thousand women drawn from every state in the union. It is already indicated that the Women's Committee will, by November 7th show a formidable enrollment of American women working to secure the election to the presidency of Charles Evans Hughes. In the National Alliance it has been necessary for the women to be organized as a separate committee because the Alliance is organized of voters, and women, as yet have suffrage in only one quarter of the states.

In the twelve suffrage states the form of organization is as the states prefer, and the form selected by the State Alliance of Oregon is a single organization of men and women together. County chairmen will be appointed and organization worked out through towns and villages in the usual political form.
