some time at Alkali canyon, near
Echo.

The couple will reside at Albee for
the present. They started from
Pendleton on their wedding trip in
the good old fashion of years ago, rid-
ing in a hack drawn by two mules and
taking with them provisions for the
winter.—Echo News.

An aged negro was crossing-tender
at a spot where an express train made
quick work of a buggy and its occu-
pants. Naturally, he was the chief
witness and the entire case hinged
upon the energy with which he had
displayed his warning signal.

A gruelling cross-examination left
Rastus unshaken in his story. Later
the division superintendent compli-
mented him on the steadfastness with
which he stuck to his story.

"You did wonderfully, Rastus," he
said. "I was afraid at first you might
waver in your testimony."

"Nossir, nossir," Rastus exclaimed.
"But I done feared ev'ry minute that
ere durn lawyer was agwine to ask
me if mah lantern was lit."

A New Model Typewriter!

The—**OLIVER**—
The Standard Visible Writer

BUY IT NOW!

Yes, the crowning typewriter triumph is here!

IT IS JUST OUT—AND COMES YEARS BEFORE EXPERTS EXPECTED IT.

For makers have striven a life-time to attain this ideal machine. And Oliver has won
again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of a
touch so light that the tread of a kitten will run the keys!

CAUTION!

The new-day advances that come alone on
this machine are all controlled by Oliver.
Even our own previous models—famous in
their day—never had the Optional Duplex
Shift.

It puts the whole control of 84 letters and
characters in the little fingers of the right
and left hands. And it lets you write them all
with 28 keys, the least to operate of any
standard typewriter made.

Thus writers of all other machines can
immediately run the Oliver Number "9" with
more speed and greater ease.

17 CENTS A DAY! Remember, this brand-new Oliver "9" is the greatest value ever given in a
typewriter. It has all our previous special inventions—visible writing, auto-
matic spacer, 6½-ounce touch—plus the Optional Duplex Shift, Selective Color Attachment, and all
these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a
day! Now every user can easily afford to have the world's crack visible writer, with the famous
PRINTYPE, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvel of writing
machines. See why typists, employers, and individuals every-
where are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to
tell you about it.
