

## 308 X YES IS A VOTE FOR YOUR CHILDREN

### SQUARE DEAL FOR EASTERN OREGON

If you are in favor of a square deal for the country East of the Cascades you will vote for and work for the PROPOSED EASTERN OREGON STATE NORMAL SCHOOL AT PENDLETON, OREGON. Oregon has but one Normal School. This school is located at Monmouth and is not able to supply more than TEN PER CENT of the teachers required in the public schools of Oregon. Of the more than six thousand teachers in our public schools, BUT 13 PER CENT are graduates of Normal Schools. It is a matter of simple justice to the country East of the Cascades to establish a Normal School East of the mountains to furnish thoroughly trained teachers for the schools of Eastern Oregon.

### TRAINED INSTRUCTORS WANTED

Every resident of Eastern Oregon has a vital interest in the passage of this measure for Eastern Oregon pays HIGH SALARIES to her teachers and is entitled to the services of TRAINED INSTRUCTORS.

### ONLY COSTS 4 CENTS PER \$1,000

The annual cost of maintenance of the proposed State Normal School amounts to BUT ONE 25TH OF A MILL OR 4 CENTS ON A THOUSAND DOLLARS of taxable property. Isn't it worth this to you to have your children trained to become USEFUL AND PRODUCTIVE citizens?

### STRONG ENDORSEMENT

J. A. Churchill, the State Superintendent of Public Instruction, voices the sentiment of the educators of the state when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training.

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to all students to get the amount of teaching practice required in a standard normal school."

The educators of the State insist that Standard Normal Schools be located in towns of 5000 population or more and having ENOUGH GRADE PUPILS FOR TEACHER PRACTICE.

### BE LOYAL AND VOTE RIGHT

Show your loyalty to the best interests of Eastern Oregon and of the whole state by working for this measure and by voting YES FOR NO. 308. By voting YES for No. 308 you will help to GIVE TO THE SCHOOL CHILDREN OF OREGON THE SAME ADVANTAGES ENJOYED BY THE SCHOOL CHILDREN OF OUR NEIGHBORING STATES.

Zonia—Eugenie Forde

Synopsis of "The Light."

Cyril Edwards, an artist, loves Lucile Cartier. Among Cyril's acquaintances is Prince Zarak. Zarak falls in love with Lucile and in the privacy of his luxurious apartments he resorts to occult arts, of which he is master, to bring harm and misfortune to Cyril. His efforts fail. After the marriage he continues his visit to the studio.

Seeing her portrait, he hangs it in his room and burns incense before it at night. His strange power effects Lucile in a weird telepathic way. Later in his rooms Prince Zarak, in the presence of Cyril and Lucile, exhibits an odd lamp, which he tells them belonged to one of his fire worshipping ancestors. At Zarak's suggestion Lucile repeats an incantation which he recites. All are astonished to see a clear, bright flame issue from the lamp. Lucile accepts the strange lamp as a gift.

By the use of charms and incantations and with the assistance of an accomplice, Zonia, Zarak succeeds in placing Cyril in compromising positions with Zonia. These being wit-

nessed by Lucile her faith in Cyril is gradually undermined. Finally Lucile leaves Cyril and goes to Zarak's apartments. Before departing she writes a note explaining where she has gone, but changing her mind, casts it in the waste basket.

Returning home, Cyril misses Lucile. He notices that the lamp flames spasmodically and rushes off to Zarak to have him interpret the meaning. Meanwhile Zonia discovers that Zarak has transferred his attentions to Lucile. She is made prisoner and cast into a closet. Lucile realizes that she has been duped.

Cyril notices that the flame, burning fitfully, leaves the lamp, flutters like a living thing along the wall and finally reaches the waste basket, poisoning significantly on the crumpled note. Cyril thus discovers that his wife is with Zarak. He finds Zonia bound and gagged. Releasing her, he learns from her that Zarak has fled, taking Lucile with him.

Cyril starts to rescue Lucile, but Zonia precedes him. When Cyril arrives he finds Zarak stabbed to death and Zonia standing over him, dagger in hand. Lucile falls into the arms of Cyril.

## OREGON RANKS LOW IN NORMAL SCHOOLS

U. S. BUREAU OF EDUCATION REPORT UNCOMPLIMENTARY TO STATE'S SCHOOL POLICY.

Pendleton, Ore.—Oregon is one of the most poorly equipped states in the Union for the training of teachers, according to the United States Bureau of Education.

Only five states in the Union have less Normal equipment than Oregon. Oregon has one Normal School and forty states have more than one. New York has 18, Pennsylvania 18, Massachusetts 12, California 8, Washington 3 and Idaho 2.

The report of the Bureau of Education shows that even the little state of Idaho, with a population only half as large as that of Oregon, is spending more than twice as much for Normal Schools as is this state.

The same report urges that Normal Schools be located in the railroad centers with public schools sufficiently large to give teaching practice to the Normal students.

State Superintendent Churchill's annual report shows that of the 6055 teachers in Oregon last year but 791, or 13 per cent, were Normal School graduates. The same official estimated that 1000 new teachers are needed each year and the present Normal school is turning out but 150. The majority of Normal trained teachers so shown to be teaching within a 25 mile radius of Monmouth, although eastern Oregon pays on the average \$20.41 a month more for teachers than does the Willamette Valley.

## HEPPNER 25 YEARS AGO

From the Gazette of October 1, 1891.

Exra Meeker, the Puyallup (Wash) hop maker has written an article on hop culture for the Washington state board of trade. He says that the vines have not been materially injured this year by the hop louse and the crop is abundant. If hops bring as good price this year as last, he estimates that the crop in the state of Washington will be \$1,000,000.

A telegram received Thursday evening by the East Oregonian from R. Alexander, states the Sovereign Grand Lodge, I. O. O. F., now in session at St. Louis, has selected Portland, Oregon, as the place of holding the next meeting. This is an honor coveted by every city of consequence

in the United States, and Oregon Odd Fellows will rejoice at the success of their representative, Mr. Alexander, in securing for the state's metropolis.

Says the Newberg Graphic: "Tillamook is to have a county fair. As usual they offer \$1 for the best Jersey cow and \$50 for the best horse. A dollar is to be given as a premium for the best display of fruit, while \$200 is to be given as a premium for a scrub pony race. This is agriculture with a vengeance."

Edwards, McCarty & Turner threshed 100 sacks of wheat in 95 minutes over at Jeff Kirk's recently, and kept up that lick all afternoon. They have a 32 in. machine.

Stacy Roberts reports that an Eight Mile machine, 28 in. cylinder,

J. F. M. Farrans of the Eight Mile section, raised 70 acres of wheat which averaged 40 bushels per acre.

A license for marriage was issued by County Clerk Waters last week to Albert S. Periberg and Lenora Cumberland, both of this county. Miss Cumberland is a daughter of Wm. Cumberland, heppner farmer who lives west of Heppner.

W. L. Finley extensive wheat farming of the northern part of the county spent several days in Heppner on business this week. Mr. Finley gets a bigger crop on his ranch every year. Continued farming in a thorough manner is proving that the north end will produce big profits.
