Salem-Southern Pacific Co. in statement on car shortage says it is due to small demurrage charges collected in this state. It says: "Car efficiency can be obtained only by fixing the demurrage rate at a figure that will make it incentive and a benefit to the general shipping public to release cars with the greatest possible dispatch, and as the 53 rate obtaining in California hab brought about this to an extent not equaled in any other territory, we have to recommend its adoption in Oregon, where because of the low rates and the 'average agreement,' five times as many cars are held in excess of the free times as in California."
