**EMPTY TREASURY NOW
FACES UNCLE SAM**

Democrats in Time of Peace, Levy "War Taxes" and Resort to Bond Issue—Tax North and West, but Let South Escape Burden.

Washington, Oct. 18.—The Democratic party is claiming credit for prosperity although everybody knows that the prosperity caused by war orders and big crops is not due the Democratic party.

How about the prosperity of Uncle Sam? If the government itself is prosperous under the management of the Democratic party, there is nothing more to say.

Uncle Sam is not prosperous. He is in a hole. His treasury has a deficit, and his managers have piled up a lot of expenditures at the recent session of Congress, which forced the imposition of new taxes and the issuance of bonds. Uncle Sam must go into debt at this time when the Democrats are boasting of prosperity.

Disbursements Exceed Receipts. The excess of disbursements over receipts has reached \$25,000,000 since the first of July. That is only the beginning. Many disbursements have been "carried over" on the books, and will show up next year. If the Democrats are successful in November they need not care. If they lose they will turn the deficit over to the Republicans.

Spent Two Billions a Year. The total appropriations this year will run over \$2,000,000,000. This is now a two-billion-dollar-a-year government, so far as expenses go under a Democratic administration. But it is not a two billion-dollar-country when it comes to raising revenue by ordinary means, such as the customs, duties, internal revenue, public lands, receipts, etc. So the Democratic party has imposed new and unusual and discriminating taxes, besides providing for issuing bonds to take care of the Mexican border expenses and the purchase of ships.

About \$266,000,000 of this fiscal year's enormous expenditures will be on account of "national defense," which is supported by all parties. Subtracting that sum, there remains an excess of at least \$250,000,000 over the appropriations of last year which the Democratic party could have saved by careful and economic legislation.

Provide for "Deserving Democrats." All sorts of extravagances have been permitted to creep into the appropriation bills this year. The government service has been expanded unblushingly in order to give "deserving Democrats" fat jobs. About 30,000 new offices have been created, ranging in salaries from \$900 a year up to \$12,000 a year. The departments have been authorized to enter upon new and experimental fads which will demand bigger appropriations next year unless the Republicans obtain control and shut off these foolish experiments.

The failure of the Democratic tariff law to bring in sufficient revenue is to be met by new taxes. The income tax is increased and its application widened. Northern industry is taxed and southern industry is left untaxed. A scrutiny of the new revenue law reveals that it is cunningly devised all the way through to tax northerners and westerners and let southerners off as lightly as possible. It is a sectional measure as well as a measure discriminating between individuals.

Another Democratic Bond Issue. After having made these taxes as high as they dared, the Democrats framing a law were confronted with a bill of \$125,000,000 to pay for the administration's blunders along the Mexican border. This sum cannot be squeezed out in taxes without raising a fuss, so the money will be raised by borrowing. In this time of peace and wonderful Democratic prosperity Uncle Sam is to borrow \$125,000,000 on his Panama Canal bonds to pay the cost of mobilizing the army and national guard on the border and then demobilizing them. The King of France marched up the hill and then marched down again, but it is not recorded that it cost him \$125,000,000 to execute his brilliant exploit.

Prosperity! If you see a seedy old gentleman with a goatee feeling hopelessly in his empty pockets, and then signing a mortgage for \$125,000,000, don't talk to him of Democratic prosperity, for he may become profane. His name is Uncle Sam.

Choose Hughes!
"The man who's unafraid
To safeguard American Trade."

Choose Hughes.
"He points his shaft
At 'pork' and graft."

New Second Hand Store.
G. W. Verdote of Nez Perce, Idaho and J. R. Foreman of Portland have opened up a second hand store in the Pleiss building on May street under the firm name of G. W. Verdote & Co. Both of these men have had years of experience in their business. They will handle second hand furniture, will buy hides and pelts and buy old junk. Mr. Foreman is an expert sewing machine repair man, and makes that line of industry his specialty. See their advertisement in another column of this paper.

**NEWS NOTES FROM
NEIGHBORING CITIES**

Sheriff Welch returned this week from Greenhorn where he was called on official business. He reports the Greenhorn camp lively. The mining industry has picked up wonderfully this summer and fall and a great deal of interest is being shown in the mining properties. Ed Reed has developed a valuable property and he is working on the 200 foot level. This mine is located on the opposite side of the mountain from Ben Harrison and the ore is of the same character. Men are wanted in that part of the county and it is said that the milling and logging operations in the Austin country are several hundred men short. They are unable to secure enough help.—Canyon City Blue Mt. Eagle.

Elmer Montague reports while he was visiting the Willow creek school Wednesday, John Peterson had an encounter with a rabid coyote. Peterson says that he struck the animal in the back with a grubbing hoe after which it trotted off, but not far enough but what Peterson had time to get a gun and take a shot at it. This attracted the attention of the school children at school and a number of them saw the animal running over the hill out of sight.—Arlington Independent.

The caynon road to Condon was opened to traffic Thursday, though the new grade will not be completed down Thirtymile creek for some weeks yet. Part of the route now traveled is along the creek bed and is quite rough, but still much better than the Devil's Backbone road.—Fossil Journal.

**SHEEP WORTH \$1 MORE
IE HUGHES IS ELECTED**

Transaction Here Causes Considerable Discussion Among Sheepmen.

The election of Charles E. Hughes as president of the United States means that sheep are worth a dollar more a head than if Woodrow Wilson is returned to the White House. That such is the feeling of the sheepmen of the country is evident in the terms of a transaction which is causing much comment here today. By the terms of an agreement between C. P. Ragsdale, a Wallowa county stockman and Frank Kernan of Heppner the former is to take all the Kernan yearling ewes, estimated at 1465 head at a price of \$10 if Hughes is elected or at \$9 if Wilson is chosen president. The agreement provides that nine dollars a head shall be paid on delivery and that the remainder shall be deposited in a bank until the result of the election is known.—Pendleton Tribune.

Church of Christ.
Subject of morning sermon, "Faithful in Little." Sunday evening there will be a sermon lecture on "Colored Glasses." Mrs. MacDonald will make a crayon picture illustrating a song at the evening service.

HARDMAN ITEMS

On Oct. 21, the Students Athletic Association of Hardman will give a first class entertainment. A glee club has been organized and some good work is expected from this source. Following the program baskets will be sold to the highest bidder. Everyone is invited to come. Ladies, please bring your baskets.

Challenge! The captain of the girls basket ball team issues a standing challenge to the women of Hardman, to play a game in the near future. The game will be played for the championship of Hardman.

Two young men, representing the Latter Day Saints held an interesting meeting in Prophet's Hall Thursday evening. From here they went to Heppner.

The Ladies Sewing Circle met at Mrs. Gaunt's Thursday afternoon. After spending a busy afternoon sewing the ladies partook of light refreshments, served by Mrs. Gaunt.

Holley Leathers expects to move to his farm about a mile from town. His son, Lloyd expects to enter high school in the near future.

Dr. Gaunt, John Howell, Albert Emry and J. W. Gaunt left for the mountains Friday to spend a few days hunting.

Mrs. McCarthy spent Wednesday in town. Her daughter, Verna is attending the high school here.

Mr. and Mrs. Homer Green spent Thursday and Friday visiting at the home of Mrs. Brannon.

Tindal Robison of Eight Mile, made a business trip to Hardman the middle of the week.

Leslie Brannon has purchased a Ford car from Roy Ashbaugh.

Mr. and Mrs. Clyde Wright "Forded it" to Heppner Friday.

The new house of Emmett Ayers is about completed.

Five Passenger, six cylinder, 45
horsepower - - - \$1170.00

Five passenger, four cylinder,
35 horsepower - - - \$785.00

These prices are F. O. B. Heppner

BUICK DESIGN
BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in-Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum Bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Tires 31x4 inches.
