How to Get the Most Barn Value for Your Money

Yes, our business is selling lumber. BUT—satisfaction to the buyer must go with every bill we sell or WE are not satisfied.

We know that if you are building a barn and you want and expect that barn to be the best in every respect that the money you put into it can produce.

And we make it our business to see that every barn bill we sell shall be satisfactory in every detail so far as material, cost and quality are concerned, and sometimes go a long way to make good on that policy.

It will be well worth your while to bring us your bill, or come to us when you first decide to build—we will help you from start to finish.

We have planned many barns this fall for our customers—small shed roof barns, one story dairy barns—circle roof barns with special Tum-A-Lum construction—large gambrel roof barns—and can show you plans, pictures and costs of various types.

NO OBLIGATION—WE'LL BE GLAD TO DO IT.

Many a Heppner Reader Will Be Interested.

When people read about the cures made by a medicine endorsed from far away, is it surprising that they wonder if the statements are true? But when you read of cases right here at home, positive proof is within their reach, for close investigation is an easy matter. Read Heppner endorsement of Doan's Kidney Pills.

J. C. Ball, retired farmer, Heppner says: "It has been several years since I have had occasion to take Doan's Kidney Pills, but speaking from past experience, I can conscientiously say that they are a good, reliable medicine for backache and kidney disorders."

Privy 50c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Ball had. Foster-Milburn Co., Props., Buffalo, N. Y.

W. D. Newlon is attending the corn show at Walla Walla this week.

Roy Yardley underwent a major operation at the Heppner Sanatorium last Wednesday and his condition is improved at this time.

W. E. Brown of Black Horse is confined in the Heppner Sanatorium where he is threatened with pneumonia. His condition is not serious.

In our last issue we made a mistake amounting to several thousand gallons. We stated that the new artesian well on the Newlon ranch flowed 700 gallons per hour, whereas we should have said 700 gallons per minute. The new well is a real gusher and the water flows out strong through an eight inch pipe some ten feet above the ground.

Ed Buschke, one of the latest additions to the farming fraternity in the Eight Mile section, was a Heppner business visitor Tuesday. He was accompanied by his sister, Miss Anna Buschke, who has been visiting at his home. Mr. Buschke is much impressed with the upper country and will undoubtedly be successful in his farming operations there. He formerly engaged in farming near Ione and raised a bumper crop there this year.

As trustees the undersigned are offering for sale to the highest bidder, the following described lands in Morrow County, Oregon:

What is known as the J. P. Rhea farm, situate on Rhea creek, a tributary of Willow creek, 17 miles from Heppner, the county seat, seven miles from Jordan Siding, a railway station on the Heppner branch of the Oregon-Washington Railroad and Navigation Company, and ten miles from Ione.

This farm consists of two thousand acres, of which according to the records in the office of the County Assessor, ten hundred and ninety-five acres are cultivated land, the greater portion of the remainder, or nine hundred and forty-seven acres, is non-tillable land. In addition to the cultivated land mentioned, there is a considerable portion of the non-tillable land which can be cultivated.

This place carries a state water right to irrigate fifty-two acres of alfalfa, and there are fully forty acres of bottom land which can be irrigated. The improvements on the place consist of house, barn and outbuildings.

Also what is known as the C. A. Rhea farm, situate on Rhea creek, fifteen miles from Heppner, nine miles from Jordan Siding and twelve miles from Ione:

This place consists of two thousand acres, of which according to the records in the office of the County Assessor, eight hundred and thirty-five acres are in cultivation; the remainder, or twelve hundred acres are shown as non-tillable land. Of the latter, however, there is a considerable amount which is susceptible of cultivation.

This place carries a State water right to irrigate sixty-six acres of bottom land, which is sown to alfalfa and there is about fifty acres additional which can be sown to alfalfa, and easily irrigated. There are also good improvements, consisting of house, barns, sheds and outbuildings.

Sealed bids will be received for both or either of said farms, by the undersigned, at Heppner, up to and including the first day of December, 1916.

Not less than twenty per cent. of purchase price cash, balance to be secured by first mortgage on the lands purchased, deferred payments to bear interest at 6 per cent. per annum.

The right to reject any and all bids reserved.

Detailed information furnished on request.

Certified check for \$500.00 must accompany each bid as evidence of good faith, to be forfeited in case bidder fails to perform.
