W. R. Irwin Describes Visit To Great Willys-Overland Convention at Toledo.

W. R. Irwin, Willys-Overland dealer in this city, who was one of the 5,000 dealers visiting the great Toledo plant in connection with the immense convention which was held there, recounts his experiences in this entertaining letter to the editor:

Some action!

Nothing was ever so impressive as our tour of the great plant that turns out Willys-Overland cars.

Our pullmans all parked in the company's yards. There was room enough, for there are seven and three quarters miles of track within the plant.

Each man got a card containing a picture of Mr. Willys and an auto-

IONE BREVITIES

The Ione High School and grades ad an enjoyable time on last Friday afternoon and evening, when they elebrated the Christmas season. In he different grades gifts had been prepared for all and there was much pleasure manifest on the part of the youngsters in giving and receiving. An entertainment was prepared for the evening, in which many of the pupils took part; some interesting films were run and this was followed by a basket social. The baskets were sold to the highest and best bidder and they all brought good prices. The money raised at this entertainment was a goodly sum and goes to help pay for the new piano recently installed in the auditorium.
