**NEWS NOTES FROM NEIGHBORING CITIES**

**Sullivan-Rice.**  
 At a very pretty wedding at the home of the bride's parents, Mr. and Mrs. John Rice, in Hermiston, Miss Diez Ruth Rice and William C. O'Sullivan were united in marriage Wednesday morning. The ceremony was performed at 8 o'clock by Father Butler.

Lawrence O'Sullivan, cousin of the groom, acted as best man and Miss Carol Rice, sister of the bride was maid of honor. Miss Rachel Hazen was flower girl. The guests sat down to a delicious wedding breakfast, after which Mr. and Mrs. O'Sullivan left for Portland, where they will spend the week.

Both of the young people are very well known in the West End and are popular with the young people. Mrs. O'Sullivan has been teaching school in the East End the first half of the school year. Mr. O'Sullivan is manager of the Stanfield Warehouse Company. They will make their home in Stanfield.

The groom's parents are Mr. and Mrs. W. C. O'Sullivan of Morgan.—Stanfield Standard.

**Wool Will Probably Reach Forty Cents.**

The wise ones are looking far enough into 1917 to see 40 cent wool. There is a heavy demand at this time and the surplus stock is reduced to a pitiful little stock. Already eastern Oregon flockmasters have been offered as high as 36 cents and the prospects for a record breaking year was never better.—Canyon City Blue Mt. Eagle.

**Another Ranch Added.**

Another ranch has been added to the already immense holdings of the Stanfield Brothers, of this city. The latest acquisition is 300 acres of land and 900 head or sheep, purchased from W. H. Matha of Baker.—Stanfield Standard.

**Rich Ore Will Be Ready For Shipment.**

Jack Darst will have several carloads of rich ore ready for spring shipment. He is operating near Idle City, on Trout Creek, about eight miles south of the Hardisty place in Silvis valley. This ore runs in value from \$75 to \$250 per ton. The values run in lead and silver and zinc. The vein is about five feet wide. The ore will be hauled to Crain, by the way of Harney City, a distance of 35 miles. A crew of four men are at work this winter banking out the ore. This is not a mere prospect, but a mine ready to go to market with its values.—Blue Mt. Eagle, Canyon City Eagle.

**Stanfield's Bring Damage Suit.**

Stanfield Brothers today filed suit against H. E. Bartholomew asking \$1000 damages and a permanent injunction against his allowing sheep to run on their land.

The suit was filed by Raley & Raley in the name of R. N. Stanfield. It alleges that between 1000 and 3000 head of sheep belonging to Bartholomew have been eating the grass and destroying the vegetation. The land is situated in the vicinity of Stanfield.—Pendleton Tribune.

A wheat farmer of Umatilla county estimates that that county could save annually a half million dollars if the bulk system of handling grain was adopted. He says that it costs the western farmer 15 cents more per bushel to handle his wheat than it does the Eastern farmer where his grain is handled in bulk. He predicts the day when wheat sacks will be a thing of the past.

Glasses fitted satisfactorily by Dr. Winnard, or money refunded. His prices are reasonable, and he is where you can always find him. No charge for testing eyes.

**BUICK DESIGN**

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in-Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Tires 31x4 inches.
