OFFICIAL PAPER FOR MORROW COUNTY.

Thursday, January 18, 1917.

The Fossil Journal, that pioneer newspaper of Wheeler county, of which Jas. S. Stewart is the able editor and proprietor, began the new year by coming out as an all-home printed edition. The new style adopted by the paper is pleasing in make-up and is highly readable throughout. Mr. Stewart is to be complimented upon this new departure.

Hogs, wool and sheep continue to rise in price. Last week the Chicago wheat market reached the two-dollar point. Local producers well may smile when noting these facts. On the other hand, commodities are likewise continuing their aerial flight. The consumer is getting dizzy in his attempt to keep the pace.

Press reports state that Ben. W. Olecott is being boomed for governor. It would be a shame to spoil a perfectly good secretary of state in such a manner as this.

Morrow county again has claim to fame. Johnnie Becket the greatest captain that ever lead a football team onto any Northwest gridiron, is a native Morrow county boy. He captained the University of Oregon eleven this year and his team recently defeated the much heralded University of Pennsylvania team at Pasadena. The score was 14 to 0. This is Becket's last year at Oregon. He is a son of Mr. and Mrs. J. W. Becket, who now reside in Portland.

WHY NOT A SUNDAY MAIL CLERK?

People living in the towns along the Heppner branch of the O. W. R. & N. Co. have often asked themselves and their neighbors why they cannot have the same excellent mail service on Sunday as is given every other day in the week. The reason for this can be explained in the fact that on Sunday, according to the present schedule of the mail service, the clerk is given a day off.

How nice it would be if we could mail a letter on Sunday addressed to any point on the branch and rest with the calm assurance that it would reach its destination sometime during the same day. At the present time mail going from Heppner to any point on the branch line, if on Sunday, must travel to a certain point down on the main line, where it is sorted and returned to the original destination.

A little concerted action on this matter presented to the postoffice department would probably get the desired results. Now is a good time for action.

THE NATIONAL FOREIGN TRADE CONVENTION AT PITTSBURG.

During the last of this month one of the most important conventions in the history of the nation will be held at Pittsburgh, Pa. This is the National Foreign Trade Convention which will be held on January 25-27. It will be attended by the most influential manufacturers and exporters of the United States to consider means for the protection and extension of this country's foreign commerce during and after the close of the European War.

It is gratifying to note that a special train will carry wide-awake business men from this section of the North Pacific Coast. The Northwest has an interest in the convention and the results to be obtained, that is on par with any other section of the country, and in some respects even greater.

At this convention, among other things to be discussed will be that of "The Need of a National Foreign Trade Policy." Oregon is fortunate in having a member on the National Foreign Trade Council. He is Theo. B. Wilcox, president of the Portland Flouring Mills.

Safety First

Don't keep your valuables, your insurance policies, your will, your deeds, notes, mortgages, important letters, or heirlooms around your house; fire or flood may destroy them; some person other than yourself or those entitled to them may get a hold of them;

A safety-deposit box in our fire-proof, burglar-proof vault offers the best possible protection, at a trifling expense.

We have a few boxes left at \$2.50 and \$5.00 per year; you alone will have the key to same, if you so wish, and you have access to it at any time during banking hours and as often as you wish.
