Bethlehem's Bid on Shells for the United States Navy

To the American People:
The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,300 14-inch shells at a price of \$1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$522,831, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a literal interpretation of the contract actually makes us liable for penalties amounting to \$678,016.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.

F. M. Bayless, Heppner, says: "I have found Doan's Kidney Pills to be all that is claimed of them for lame back and kidney disorders. Of late years, I had had but very little trouble in that respect. Whenever I notice my kidneys are in anyway out of order, I take Doan's Kidney Pills and they soon relieve me."
