I WANT LAND

TO SELL TO THE 31 BUYERS WHO WILL BEGIN TO ARRIVE HERE ON THE 6th OF THIS MONTH

If you want to sell, send me the full particulars, and description of your land, also a full list of what goes with your ranch if improved, and a full description of ALL improvements. Land NORTH of the Base Line preferred but can sell land anywhere in Morrow county.

THE LARGER THE RANCH THE QUICKER I CAN SELL IT. My charge for selling land is FIVE Per Cent.

The quicker I hear from you the quicker your ranch will be sold.

LEXINGTON, OREGON

We will pay Portland prices without commission for shipments of veal, all kinds poultry and fresh eggs at your station. Ship direct to Manager

BUTTE PUBLIC MARKET, Butte, Mont.

We pay express and same price you receive in Portland.

HEPPNER SCHOOLS ARE BOOSTING N. E. A.

Superintendent H. H. Hoffman and his corps of teachers are boosting the attendance of the National Educational Association which will be held in Portland in July. They have mailed hundreds of copies of the following letters to teachers outside of the state:

Heppner, Oregon
March 21, 1917

Dear Friend:

Because of the National Educational Association meeting in Portland July 7 to 14, an excuse for this letter is afforded.

I extend to you a cordial invitation to be present. When the convention is over we would like to have you spend the remainder of the Summer in our big playground, the Pacific Northwest. The climate is perfect, our scenic attractions are not only beautiful but unusual as compared with other sections of the United States, and our historic places will be found to have much interest for those visitors who want to know how the civilization of the great West is being constructed.

Portland is making extensive preparations to entertain you. Afterward you can play on the seashore, on the glaciers of our snow capped mountains, or our inland lakes or drive over the magnificent scenic highways.

We want you to come. Rooms may be secured by dropping a letter to the Secretary of the N. E. A. Committee at Portland, Mr. Mark Woodruff. You can do your normal work at any one of 12 fine schools.

Sincerely yours,

Most of the teachers of the local school are planning to attend the Association and if all parts of the state will do as much as Heppner, the success of this meeting will be assured.

Gets Top Prices For Cattle.

C. A. Minor shipped a car of prime beef cattle from Cecil the past week to the Portland market getting \$9.70 straight for them. This was the top price, the nearest to it being \$9.60. Mr. Minor has had a very successful season in the Cecil section, his cattle and sheep coming through the winter in fine shape. At the present time he is in the midst of lambing and is getting a large percentage. His neighbor, Jack Hynd, is also meeting with great success and reaping a large percentage of lambs. The weather down Cecil way is warm and pleasant and grass is coming fine on the hills. Mr. Minor will begin lambing this coming week on his upper ranches and is somewhat dubious as to the results, owing to the present weather conditions. The foot hills are still covered with snow and the prospects for the flockmasters up this way are not very flattering.

H. R. Smith and H. V. Smouse were over from the Jordan Butte country Saturday. Mr. Smouse was closing up a deal for the Milt Downing half section of land purchased recently, and he will now become more extensively engaged, in wheat raising than ever. Messrs. Smith and Smouse are now operating their Caterpillar engine, running the machine just as long each day as the weather will permit. It has been freezing some during the night out that way and turning too cold by 10 o'clock at night, compelling them to stop operations at that time. The machine is doing fine work and two shifts will be put on, working day and night just as soon as the freezing stops.

A Demand For Hay.

There is a strong demand for hay for many outside points, the protracted winter having exhausted the supply in many of the outside counties. Hay raisers on lower Willow creek are being called upon and some alfalfa has been shipped out of Cecil and other points in that vicinity so we are informed; the hay going to the Portland market. The demand has stimulated the price to an appreciable extent. Baker and Grant county stockmen were reported in our last issue to be suffering severe losses on account of hay shortage, and to date the situation has not been relieved. Reports of severe losses come from Klamath county, also, and there seems to be no way of relieving the situation so long as the present unfavorable weather conditions prevail.

Leg Severely Cut.

Robert Worden, a young man in the employ of N. F. Lawson, was brought down to town by Mr. Lawson on Monday forenoon, suffering severe injury to his left leg. Worden was busy doing some slashing on the Lawson farm when his axe was deflected by coming in contact with a limb above his head, and the force of the stroke was landed on his left leg just above the ankle. The cut was a bad one and required the attention of a physician who took several stitches to bring the wound together. Mr. Worden's home is in Bellingham, Wash., and he has been at work for Mr. Lawson for some time.

The Federated Church.

The topic for the morning sermon will be, "The Second Commandment." Evening: "God's Use of the Commonplace."

If you want churches in the community do your part to make them successful by making it a practice to attend their services. You are most cordially invited to attend.

H. A. NOYES, Pastor.

An Unshackled Senate.

By adopting the cloture rule the United States senate has at last freed itself from the shackles that bound it hand and foot. It is now a representative body with power to act, and vote as it may decide for itself, no longer subject to the tyranny which it permitted a handful of obstructionists to exercise.

Three senators voted against the cloture rule—La Follette, Gronna and Sherman all pro-Americans. On the final issue they stood alone in the entire senate. By their un-Americanism, by their disloyalty to the government to which as citizens and senators they owe allegiance, they have won a secure place in the memory of the American people. They have proved untrustworthy in time of national emergency and the brand of disgrace is indelible.—New York World.

Sixteen Million Movie Fans.

It is estimated that where two years ago 10,000,000 persons viewed the films each day now there are 16,000,000, of whom one-fifth are children under sixteen. This makes an annual gross receipt by the exhibitors throughout the United States of about \$584,000,000.—Woman's Home Companion.

Owing to the worst car shortage of the season the Heppner Wood Yard has been unable to get lump coal. There has not been a car west from Rock Springs in two weeks and the situation has become acute. We are still making every effort to get lump coal, although at the present time we have on hand a good supply of nut coal.

N. A. CLARK.

NORTHERN PACIFIC RAILWAY LANDS

IN EASTERN OREGON CAN NOW BE PURCHASED AT LOW PRICES AND ON EASY TERMS. FOR PRICE LIST AND INFORMATION, CALL ON J. A. TROEH, 900 YEON BLDG., PORTLAND, OR.

Sheriff, Geo. McDuffee returned on Sunday from Pendleton where he spent the week attending to business matters and enjoying a visit with old-time friends. He reports a lot of enthusiasm over that way for the road bonding measure.

Frank Roberts made a business trip to Pendleton last Saturday.

PAIGE
