

TECHNICAL DEPARTMENT BULLETIN

TO ALL DEALERS:

For your information we wish to advise that in our experiments and tests here at the factory with our new Eight Cylinder car, we have been able to secure uniformly better results with Standard Oil Company's Zerolene motor lubricant than with any other which we have used.

Please understand, however, that we do not wish this to be construed as an attempt on our part to dictate the brand of oil which you should use, but merely to call your attention to the fact that this particular brand has given us better results than any others which we have tried, and are giving you this for your information.

Yours very truly,  
THE FEARLESS MOTOR CAR COMPANY

BECAUSE Zerolene is correctly refined from asphalt-base crude, it maintains its lubricating body and value at cylinder heat, thus forming a perfect piston seal, reducing friction, and enabling the motor to develop its maximum power.

Zerolene is the oil for your car.

For sale by dealers everywhere and at our Service Stations.

(California)

LIVE CECIL NEWS ITEMS

Jess Deos was up last Sunday from Willows.

Mrs. A. E. Nash left Monday morning for Pendleton.

J. H. Franklin made a business trip to Arlington Saturday.

Walter Pope left here Saturday for an extended trip in the East.

Miss Vivian Logan was up from the Willows visiting with Mrs. B. Logan.

Charley Sperry, the warehouseman of Ione, and wife, were in Cecil Saturday.

The Turner and Sullivan shearing plant commenced shearing sheep on Monday.

Willie Lowe left Monday with a bunch of Hynd brothers' cattle for Sand Hollow.

C. A. Minor shipped out two car loads of cattle Sunday for the Portland market.

Edward Bristow and family were down from Ione Sunday, visiting at the Hynd residence.

Mr. and Mrs. Minor came down from Heppner Sunday to look after the shearing of their sheep.

Wallace Smead was down from Heppner working up interest in the economizing of food products.

The subject for the third lecture for the Cecil Hall is "Guidance." It will be delivered Sunday evening at eight o'clock.

Wm. Hynd of Sand Hollow was here to witness the closing of the shearing plant. He was taken home Sunday by Jack Hynd.

There will be another dance in the Hall on May 14th. Music will be furnished by Bowker's orchestra. A good time for everyone.

Mr. and Mrs. Fred Pettijohn arrived here last Sunday from Missouri. They visited their son here and left Sunday for Heppner.

Mr. and Mrs. T. H. Lowe went to Heppner Monday, where Mr. Lowe qualified as school clerk. They returned Tuesday with Jack Hynd.

Mr. and Mrs. T. H. Lowe, after spending two weeks visiting in Portland and with the family of George Doney at North Yamhill, returned to their Cecil home Sunday.

The Cecil store underwent quite a transformation. The magic wand was wielded by A. B. Cummings who dexterously applied a new coat of paint and stands sponsor for the beautiful appearance that now prevails in every nook and corner.

Mrs. Hayes, the school teacher and the children of District No. 8 returned the visit, last Friday to the school of Miss Douglass. Miss Douglass and pupils had made a visit to the Cecil district on March 17th. They inaugurated a joint program and picnic which was very successfully carried out.

The sad intelligence was received here on Sunday that Frank Nash of Pendleton had passed away. His illness had extended over a year. He was watched over hopefully by his folks, and more especially by his mother. It is understood that interment took place at Arlington near his sister and father who had preceded him about a year.

J. H. Franklin and wife said the parting word to their children, Clyde, Amy and Bernice last Sunday and proceeded to Pendleton for a short visit. From there they go to Rochester, Minn., to consult the attending surgeons of the Mayo Institute, whose field of surgical operations is said to be the greatest in America. Mrs. Franklin is afflicted with a goiter and will receive treatment.

Bill Thomas' Marriage.

Your scribe has found a bit of news that seems worth while to peruse. It is about William Thomas who seems to know each one of us. He came to these parts in eighty-one. Where his fortune was to be won. Bill had many trials to bear, in homesteading a place so rare. But as years came, he thrived so well that he sought a spouse, so they tell. And by the time this goes to press, there will be one bachelor less. From far Rhode Island came his wife who agreed to share his life.

FOREST NOTES.

Balsa wood, found in Central America, is said to be the lightest known wood. It is lighter than cork and has an average specific gravity of only .104.

A wood specimen found in glacial drift and estimated by the Wisconsin State geologist to be approximately half a million years old has been identified by the Forest Products Laboratory of the Forest Service as spruce.

State Forests with a total of over 3,600,000 acres have been established in thirteen states. Of these New York has the largest forests, which comprise 1,826,000 acres; Pennsylvania is second with 1,008,000 acres, and Wisconsin third with 400,000 acres.

The largest number of sheep grazed on any single National Forest is 315,740, finding pasturage on the Humboldt in Nevada, while the largest number of cattle—75,818 head—is found on the Tonto in Arizona. The value of the average annual meat product of these two National Forests is estimated at \$2,000,000.

On parts of the Angeles National Forest in California the packrats are so abundant that many of the young pines planted by the Forest Service have been killed or injured by the rodents. The damage seems to take place chiefly in the late summer and fall and is more extensive in dry than in wet seasons. It is thought that the rats tear off the tender bark of the trees to obtain the moisture at times when water is scarce.

Thoroughbred S. C. White Leghorns. Famous O. A. C. strain. Seventy-five cents for thirteen; five dollars per hundred.
