LONE ITEMS

John Hossner was an incoming passenger Monday evening.

We counted 115 automobiles at the wreck near Morgan at one time last Sunday.

Mrs. Gist and her daughter Emma were incoming passengers on Tuesday from Bend. They will visit about lone for a few days.

Matt Halvorsen and Gus Johnson were visitors at The Dalles last week, going down to attend to some business matters.

Joe Mason is spending a few days down at Portland looking after some business matters.

Bert Mason returned from Portland the latter part of last week after spending several days in that locality.

Mrs. Joe Knappenberg was a passenger to Portland one day last week, going as far as Arlington with her husband by auto.

Mr. Blackman of The Dalles filled the pulpit at the Baptist church last Sunday, during the absence of Mr. Bailey.

Mrs. John Henkle and her mother, who have been visiting several days in Portland, returned to lone last Sunday evening.

A good many people from lone and vicinity have been Heppner visitors this week. We presume that the bulk of them have been up courting a little.

Mrs. Ray Blake, who has been visiting with her parents, Mr. and Mrs. J. H. Wilt, returned to her home at Portland last Sunday. She was accompanied as far as Arlington by her parents.

Mrs. Alice Cochran and her son Walter, also Mrs. C. B. Sperry and son Harley were passengers to Portland last week, the mothers going down with their sons. The boys took the examination for entrance into the navy. We understand that both of them passed and will enter upon their new duties before very long.

The heavy rain storm we had the latter part of last week caused considerable damage in some localities, nearly all the farmers in Eight Mile suffering more or less. Some of them lost their outbuildings, some their windmills and some of them their farming implements. C. J. Anderson lost eighty sacks of cement and a bunch of shingles which he was going to use in building his new house. Aaron Peterson's wind mill took legs and walked down to Jere Barlow's and Dick McElligott had his hen house and about 400 fowls washed out of existence. We guess Leonard Carlson must have been a lucky man as two days prior to the big rain he moved his meat, about two hundred pounds, from the smoke house to the cellar. The smoke house was washed away. Mr. Carlson says the water must have been the highest it ever was in that locality for the smoke house had stood there for 25 years and the water had never got anywhere near it before. We heard someone lost an automobile but we do not know whether this account is correct or not.

Born—In this city last Friday to the wife of John Kenny, an 8½-pound daughter.

RESOLUTIONS

Whereas, it has pleased Almighty God, the father of all men, to call from our lodge our beloved brother, William Hughes, who for many years was a prominent and respected citizen of Heppner and a worthy brother and member of Heppner Lodge No. 69, A. F. & A. M.

Be it Resolved, that while we bow in reverent submission to the will of him who doeth all things well, yet we do not the less deplore the loss of our brother.

To the family of Brother Hughes the members of Heppner Masonic Lodge extend their deepest sympathy in this their hour of grief.

Resolved, that a copy of these resolutions be spread upon the minutes of our lodge, a copy sent the family of our deceased brother and copies furnished the local papers for publication.

S. W. SPENCER,
C. E. WOODSON,
A. L. AYERS,
Committee.

NIGHT PROWLER IS SHOT BY MRS. REID

Jack Parker, a man who has caused some trouble in the past on account of his crazy actions, was shot in the shoulder about two o'clock this morning by Mrs. Mollie Reid after Parker had attempted to break into Mrs. Reid's rooming house.

Parker is now in the hospital where he is receiving medical attention.

Several months ago Parker was judged as to his sanity after he had been taken in by officers for throwing rocks at people. He was turned loose and advised to leave town. He did this, and only recently returned.

Drs. Winnard and Gaunt performed a very successful operation on Jim Coleman of Lone Rock recently when they made an incision in his stomach and thereby diverted the entrance of food into that organ. It was a delicate operation but Mr. Coleman has now left the hospital, has a normal appetite and he says his stomach is doing better than it ever did. Great is the science of modern surgery.

Clark Wright of the Lexington country was operated on at the Heppner Sanatorium this week for appendicitis. Drs. Winnard and Chick performed the operation.

Born—In his city a week ago last Wednesday, to the wife of Wm. Brookhouser, a daughter.

RESOLUTIONS OF CONDOLENCE.

HEPPNER LODGE NO. 358, BENEVOLENT AND PROTECTIVE ORDER OF ELKS.

WHEREAS, the Omnipotent God, moving in his ever mysterious way, has called from the ranks of the living to join the mighty host assembled in man's eternal home on high, Brother Jay Vale, who was an honored and respected member of this Lodge, therefore;

Be it Resolved, that in the demise of our friend and Brother this lodge has suffered an irreparable loss, and in yielding to the inevitable command of the ruler of Heaven and Earth, we realize that we too, but await the summons that counts no refusal, that brooks no delay.

Our hearts, in sympathy, go out to the sorrowing family, who in a distant State mourn the loss of a loving husband and an affectionate father. That solace and comfort may come to them through an abiding faith in the glorious reunion that is promised all in that beautiful "Isle of Somewhere," is our heartfelt wish.

That these resolutions be spread upon the records of our Lodge and a copy thereof transmitted to the bereaved family of our departed Brother.

SAM E. VAN VACTOR,
W. P. COX,
L. E. BISBEE,
Committee.

NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at The Dalles, Oregon, May 15th, 1917. NOTICE is hereby given that John E. BUICK DESIGN

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum-bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Times 31x4 inches.
