BUICK DESIGN

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Times 31x4 inches.

A Prosperous Community

A PROSPEROUS community is the result of a great many people in the location being prosperous. If every farmer and salaried man or woman would place in the Bank a part of their incomes and if every wage earner would deposit a part of his wages, prosperity for this vicinity would be assured. No financial difficulties could come that would injure the local credit. The Bank is the best place for money, because it is organized and equipped for the safe-keeping of money.
