

HELP WIN THE WAR FIGHT, ECONOMIZE, CONSERVE, PRODUCE BUT FIRST OF ALL Buy a Liberty Loan Bond

Liberty Loan Bonds are the safest investment in the world today. They are issued by the United States Government and are a mortgage on the United States of America—our country—the richest country in the world. They are Uncle Sam's promise to pay, and he is worth \$225,000,000,000.

Liberty Loan Bonds pay 3½% interest and they may be had in any of the following denominations: \$50, \$100, \$500, \$1000, \$5000, \$10,000, \$50,000 and \$100,000. You can make a first payment as low as one dollar and have until August 30 to pay the balance. Most big business houses will accept Liberty Loan Bonds same as cash in payment for merchandise.

A MESSAGE FROM SECRETARY W. G. M'ADOO

"Wars cannot be conducted without money. It is the first thing to be provided. In this war it is the most immediate help—the most effective help that we can give. We must not be content with a subscription of two billion dollars—we must oversubscribe this loan as an indication that America is stirred to the depths and aroused to the summit of her greatness in the cause of freedom. Let us not endanger success by complacent optimism. Let us not satisfy ourselves with the reflection that some one else will subscribe the required amount. Let every man and woman in the land make it his or her business

to subscribe to the Liberty Loan immediately, and if they cannot subscribe themselves, let them induce somebody else to subscribe. Provide the Government with the funds indispensably needed for the conduct of the war and give notice to the enemies of the United States that we have billions to sacrifice in the cause of Liberty.

"Buy a Liberty Bond today; do not put it off until tomorrow. Every dollar provided quickly and expended wisely will shorten the war and save human life."

W. G. M'ADOO, Secretary of the Treasury.

OFFICIAL PAPER FOR MORROW COUNTY.

A PATRIOTIC DUTY.

Liberty Bonds and the Road Bonds go hand in hand to ask for the support of the citizens of the State of Oregon. The Liberty Bonds are essential to the successful termination of the war financially and the Road Bonds are essential to the building of a system of highways in the State of Oregon, highways which tap the main arteries of trade and make for rapid military transports.

The United States government, through the Secretary of Agriculture and the National Council of Defense, is urging upon the various states the building of military roads. The government urges the completion at once of those roads now in the course of construction and the starting of new work as soon as it can be put under way.

This is what the State Legislative Committee that framed the bonding measure had in mind when they outlined a system of highways throughout the State of Oregon which overlooked no section of the State. Primarily the roads are marketing roads, inasmuch as they tap that country in the producing sections. This in itself is invaluable from a military standpoint.

If there are any people who have been skeptical about voting for the road bonding measure because this country is in a state of war, that skepticism may at once be dispelled when Uncle Sam himself is urging the building of more and better roads at this time.

Again, some of those opposed to the bond bill have tried to entice others into voting against the measure under the mis-information of higher taxes. Oregon has been carrying on a crusade against higher taxes for two years, and the leaders in that fight were the framers of the bonding measure. THEY SAW TO IT THAT TAXES WOULD NOT BE PILED HIGHER THAN THEY ARE, FOR THEY PUT THE BURDEN OF THE \$6,000,000 BONDING BILL UPON THE SHOULDERS OF THE OWNERS OF MOTOR VEHICLES.

The people of Oregon have been wallowing in mud up to their necks every since the State was admitted to the Union, and before. Its high time we were pulling the old state out of the mud and PUTTING HER UP IN THE FRONT RANK WITH OTHER STATES OF THE NORTHWEST.

ITS A PATRIOTIC DUTY THAT WE SHOULD NOT OVERLOOK WHEN WE GO TO THE POLLS MONDAY. VOTE 314 X YES.

Governor Withycombe has appointed Chas. L. McNary of Salem, former member of the Supreme Court bench and chairman of the Republican State Central Committee, to succeed Harry Lane as United States Senator from Oregon. Judge McNary is a man well qualified to fill the position. He is progressive and says that he will stand squarely behind the President in the war program.

There were about thirty young people present, and after playing games in the church for some time they proceeded to go to the back grounds of the church where they roasted wienies and marshmallows for the remainder of the evening. All those present seemed to enjoy themselves immensely.
