WAR IS NO BAN TO PENDLETON SHOW

Directors Hold Meeting.—Bert Whitman Chosen to Handle Competitive and Non-Competitive Events.

Details and plans for another record-breaking Round-Up this year, September 20, 21 and 22, were inaugurated last night at a very enthusiastic meeting of the board of directors. All preliminaries were arranged and work will commence immediately upon the advertising propaganda.

W. C. E. Pruitt, who has had charge of the work for five years, left today for an extended trip through Eastern Oregon and the Willamette valley for the purpose of getting the dates before the people and informing them of the fact that the war is making no difference with the World's Greatest Frontier Exhibition. On this trip he will take in the two frontier shows held in the valley at Philomath and Ashland.

Post cards of Round-Up scenes, including the famous Jackson Sundown picture, are now ready for free distribution and the Round-Up boosters are urged to call at room 6, booster building, get a supply of these post cards and write to friends on them or use them for inserts in letters. They are exceptionally high class work and will be in great demand.

To fill the vacancy on the board caused by the resignation of H. W. Collins who has handled the competitive and non-competitive events for so many years with such great success, Bert Whitman was unanimously elected last night. Mr. Whitman will at once take up the work of getting the show lined up for this year. There will be plenty of performers and plenty of contestants and the show will be the biggest thing the board has ever attempted.

Naval Recruit Dies

Word was received in Heppner on Tuesday of the death at the navy hospital in San Francisco on June 11th, of Harper Stewart, a Heppner boy who recently volunteered in the service of Uncle Sam. The lad had been sick a short time with pneumonia and death resulted from this ailment. No further particulars have been furnished. His sister, Miss Mary Stewart, who has been residing here for some time, left immediately upon the receipt of the news for Arlington where she could catch the overland train for Portland, in order to be present at his funeral, which will doubtless be held at the home of his parents, Mr. and Mrs. Wm. Stewart at Wolf Creek, Oregon. Harper was a native of Morrow county but for many years has resided with his parents in Douglas county. He returned to Heppner last year, and when the call came for volunteers for the navy, he readily enlisted in the service of his country, and it is painful, indeed to have to make this sad announcement.

Heppner Editor Here

Vawter Crawford, publisher of the Heppner Gazette-Times, was in Enterprise from Friday to Sunday to see his brother O. G. Crawford. Altho his father lived in Enterprise two years, in the old days, the Heppner publisher himself never had been in the town before. He has been publisher of the Gazette-Times for many years, maintaining it as one of the substantial county newspapers of the state, a paper which always has been on the right side of every public question and has not feared to show its colors, and which has been a valuable factor in the upgrowth of the town. There have been times when this did not seem the popular or profitable thing to do, but nothing could divert Mr. Crawford from what he considered right, and now he is on smoother waters, as his policy has been vindicated. His mother, Mrs. J. V. Crawford, who has been visiting a couple of months with her other son, returned to Heppner with the editor. Mrs. Crawford met many old friends here, who remembered her and her late husband, who was pastor of the Christian church when its present house of worship was erected.—Enterprise Record Chieftan.

John Day Bridge Washed Out.

Forest Supervisor Cryder states that the sheep bridge over the John Day River at Allison's has been washed out by high water and it is impossible, at this time, to state when it can be replaced. Sheepmen crossing the Umatilla Forest via Ukiah enroute to the Whitman Forest will, therefore, have to be routed over Umatilla Highway No. 9, via Meadow Creek and Chicken Hill.

Exception to this will be made in the cases of certain sheepmen who cannot, on account of the situation of their allotments on the Whitman, take a longer route; these sheepmen will be notified of their routing.

Physical Education Association Camp At Oak Ridge

The Eugene Branch National Association of Physical Education has just taken out a special use permit for a tract of land near Oak Ridge, Oregon, on the Cascade National Forest, to be used as a summer camp for the boys and girls of Eugene and vicinity, according to the announcement of District Forester Geo. H. Ceell, Portland, Oregon.

The plans call for the erection of a log lodge and sleeping tents with permanent floors. An athletic field for various outdoor sports will be constructed. Timber for building purposes and for fuel will be granted free of charge by the Forest Service. Part of the summer the camp will be occupied by groups of girls and at other times by groups of boys, under competent leaders who have had experience in social work.

Use of National Forest land for municipal and organization camps is increasing, according to Mr. Ceell. The boys' department of the Portland Y. M. C. A. maintains a summer camp at Spirit Lake, on the Columbia National Forest, where the boys enjoy wonderful outings in the mountains. The city of Los Angeles has spent \$8,000 developing a municipal campsite on the Angeles Forest in California. A ten-day trip to this camp from Los Angeles can be made at a cost so small as to be within the reach of almost every one.

The Physical Education Association summer camp at Oakridge will be the first camp of this sort in Oregon.

Estrayed or Stolen

Found the Lotus and Stolen place on middle fork of Rock creek, one black yearling colt, branded on left stifle. This animal is now a two-year old. Liberal reward for information leading to the recovery of this animal. HOWARD ANDERSON, tf. Eight Mile, Oregon.

W. W. Ewing and A. C. Hendrickson of Ceell were Heppner visitors Saturday.

At The Churches.

Church of Christ

The subject of the Sunday morning sermon will be, "God's Husbandry." In the evening the minister will discuss the subject, "The Highest Bidder."

The second annual convention of Churches of Christ in Eastern Oregon, will be held at La Grande July 5-8. The regular state convention will be held at Turner July 28 to Aug. 5.

The Federated Church

Sunday School 9:45 A. M.
Theme of the morning sermon, "Thou shalt not steal."
Evening, "Fullgrown Manhood."
Christian Endeavor 7:00 P. M.
Topic, Prov. 1:1-7.

H. A. Noyes, Pastor
Sheriff McDuffee was a passenger on Portland on Tuesday. He is attending the convention of sheriffs at the Rose City this week.

To the Voters of District No. 1 I hereby announce myself a candidate for re-election as director of Heppner school district No. 1, in the election to be held at the city council chambers Monday June 18 1917.
Very respectfully,
W. B. BARRATT.

Olin H. Hayes, who has recently been employed by Phil Fairbanks, contractor for the Ukiah-Long Creek Stage Line, went to John Day the first of the week after a car which Mr. Fairbanks has purchased and will put on the road. An auto stage will not only add very greatly to the comfort of the passengers but will provide an incentive for travelers to take the Ukiah route, to nothing of the advantage of receiving the mail several hours earlier.—Long Creek Ranger.

W. C. E. Pruitt and Mrs. Pruitt passed through Heppner last Thursday on their way into Central Oregon. Mr. Pruitt was busy advertising the next Round Up while here.

UNIVERSITY OF OREGON ADOPTS NEW SYSTEM

University of Oregon, Eugene, June 4.—In line with the recommendations made to the college presidents at the recent conference in Washington, D. C., by the council of national defense, the University of Oregon has adopted the three-quarter schedule in place of the present two-semester plan. The new schedule will go into effect with the opening of the University in the fall, and as a part of the plan, the opening is set for Oct. 1, or approximately two weeks later than usual. The system as adopted by the faculty is for the period of the war.

The purpose of the change, as explained by President Campbell, is to make it possible for men engaged in such productive vocations or farming which is particularly vital at this time, to complete two-thirds of a college year's work in six months and to devote the remaining half of the year to directly productive occupations. That two semester plan does not lend itself readily to such an arrangement. The three-quarter plan as adopted is an adaptation of the system used in the University of Chicago, where it has been employed for years.

The schedule as adopted involves the opening of the college year Oct. 1. The first quarter extends to Dec. 21. The second quarter opens January 2, continuing to March 22, and the spring term extends from April 1 to June 17. The summer session will continue as at present, on the basis of half a school quarter.

Further details and schedule of hours and courses will appear in the University catalogue, soon to be issued.

FOREST SERVICE BUYS NEW LOOKOUT HOUSES

District Forester George H. Ceell, of Portland, Oregon, has just placed an order with the Mill Made Construction Company, of Portland, for ready cut materials for three standard lookout houses to be erected at the summits of Mount McLaughlin, Diamond Peak, and Rustler Peak on the Crater National Forest, in July. These houses are twelve feet square with a cupola six feet square. Both cupola and main part of the building have windows running all the way around. The lower part of the house is the lookout man's living quarters, while the cupola contains the Osborne fire finder, maps, and other lookout equipment.

The success in quickly discovering forest fires from lookouts stationed on Mount Hood and other high peaks has turned the attention of foresters to this form of fire protection work. Besides the three houses to be erected on the Crater Forest this season, lookout houses will also be placed on several other prominent peaks in Oregon and Washington. Material for a house and St. Helens on the Columbia National Forest was taken nearly to the summit last fall, and will be up as soon as it is possible to use the Spirit Lake road.

Mount Adams, also on the Columbia Forest, will have a lookout station on its summit this summer, as the material is already in the station up the mountain. This station will be about one thousand feet higher than the one on Mount Hood, and will give protection to a large area of valuable timber.

W. W. Cryder, supervisor of the Umatilla National Forest came over from Pendleton Tuesday to sell some property in the reserve at public sale.

Notice of Estray

Notice is hereby given that I have taken up and now hold at the John Curran ranch nine miles north of Lexington, one gray mare, two years old, branded 89 or block brand on left shoulder. Owner may have same by paying all costs.
