"Solenne in Quest' Ora" from La Forza del Destino  
By MR. KARL JORN and MR. ARTHUR MIDDLETON  
of the Metropolitan Opera Company, New York City

Messrs. Jorn and Middleton have given a wonderful performance of this superb duet, which, as everyone knows, is one of Verdi's masterpieces. Their performance is literally Re-Created by

### The NEW EDISON "The Phonograph with a Soul"

That their voices cannot be told from the New Edison's Re-Creation of them in this wonderful duet has been proved by direct comparison. Messrs. Jorn and Middleton stood beside the New Edison and sang this beautiful duet. Suddenly, without warning, they quit singing, and the New Edison took up the duet alone. So perfectly are their voices Re-Created that it was necessary to look at their lips to tell when Messrs. Jorn and Middleton had ceased to sing.

Zenatello, Urtus, Goritz and Fontana.

Let us give you an hour of Re-Created music. You will not be embarrassed by solicitations to buy. Bring your friends. We want every music lover to hear the New Edison.

NOTICE: Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.

We want you to hear the New Edison's Re-Creation of Jorn and Middleton in this wonderful duet. We also want you to hear the Re-Creation of other great voices; for example, Matzenauer, Rappold, Case, Destinn.
