Mr. and Mrs. W. D. Newlon were Heppner visitors from their ranch north of Lexington Monday. Mr. Newlon says his grain is looking fine, his only regret being that he hasn't more of it in.

Geo. McDuffee returned Saturday from Portland where he attended the convention of Oregon sheriffs. A large portion of the convention was given over to the discussion of the draft law and its strict enforcement.

Among our late subscribers is R. A. Morrison, recently of Portland. Mr. and Mrs. Morrison are new arrivals in our county. They have taken up their residence on the Dan Hanshaw farm which was recently purchased by Edgar Stevens of Portland.

Dr. Turner, the well-known eye specialist of Portland, will be in Heppner again Thursday, June 28, at the Palace Hotel. Ione, Wednesday, June 27. Headaches relieved, cross eyes straightened. Satisfaction guaranteed. Consult him. Don't forget the date.

Matt Blahn, young son of Mr. and Mrs. George Blahn, who has been working all spring for Guy Boyer on his Hinton creek ranch, received a broken arm Monday when he was thrown from a horse. The accident occurred at the Boyer ranch. The boy was brought to Heppner to a physician.

W. W. McQueen and wife and daughter Alice of Milton have been visiting this week at the home of Mrs. Ralph Johnson. After visiting their daughter here, they will tour by auto to Freemont, Ore., to visit with another daughter. Until recently Mr. McQueen was an extensive farmer of the Milton section, but a short time ago he sold out there.

F. M. Lovgren of Eight Mile spent a few hours in Heppner Monday attending to business matters. Mr. Lovgren says the grain in his section is growing fine and that it has not been hurt by the late warm days, is his opinion. In some places it is noticeable that the leaves have curled slightly, but unless severe hot weather sets in, the grain will not be injured.

Clive Huston of Eight Mile met with painful injuries last Monday morning while plowing. While going through a somewhat rocky stretch of land, he was thrown from his seat on the plow with sufficient force as to render him unconscious. He struck on his left elbow when falling and as a result his left arm was badly cut and bruised. Mrs. Huston brought him to town, where he could receive medical attention.

Conser Adkins, young son of Mrs. Mattie Adkins of this city, received severe burns on his left leg one day last week. He was out at Waldo Vincent's Butter creek ranch when the accident happened. While sitting down to the dinner table, in some manner he upset the tea pot, hot from the stove. He was brought to town at once for medical attention. Conser advises his friends to go easy with the tea, for it's considerably more dangerous than "spilling the beans."

Cleve A. Walton sends us his subscription from Fox, an interior Grant county town. As he says, "we get lonesome for news from Heppner as we are away out here in Grant county and do not get out very often." Mr. Walton says he is living in quite an industrious country, dairying being the chief industry. He has charge of the creamery, the store and the postoffice and extends to us a cordial invitation to call on him should we ever visit that part of Oregon. We surely will, Mr. Walton.

C. C. Lieualien, who recently purchased farm lands near this city, arrived in Heppner from Portland last Saturday.

Lost—Small white Spitz (female) dog. Answers to the name of Tiny. Finder return to this office and receive reward.

During last week, the Fairbanks scales which stood in front of the H. C. Githens lumber yard on Main street, were removed to the Phill Coha warehouse.

Mrs. Frank Gilliam, Miss Ona Gilliam, Mrs. Earl Gilliam and Mr. and Mrs. Chas. Vaughn spent last week in Portland, where they enjoyed the annual festival of roses.

FOR SALE—Four head work horses and harness: three mares and one gelding. Inquire at my place in Sour Dough canyon, or write me at Lexington. R. W. SNIDER.

Mr. and Mrs. N. A. Clark returned from Portland last Saturday, where they went to see their daughter Nellie who is in a sanatorium there. They report the girl regaining her health.

Uncle George Sperry has joined the ranks of the progressives, along with his neighbor, Billy McRoberts, and these gentlemen will have new concrete walks laid in front of their residences.

Frank Monohan, local farmer and stockman, has purchased a Chandler from Martin Reid, the local agent. Mr. Reid has brought another one of these cars up from Portland to use for demonstrating purposes.

Oscar R. Otto, local piano dealer, spent a few days in Pendleton on business last week. Mr. Otto recently purchased a Maxwell car from Ed Buckman and he finds it a convenient vehicle in which to make the territory tributary to Heppner.

Mr. and Mrs. E. R. Huston have returned from a visit of two weeks with relatives and friends at various points in the Willamette Valley, and also from attending the commencement exercises of the University of Oregon, at Eugene, from which institution their son John graduated this year.

When the Farmers' Union Warehouse Company finish their new addition, Condon will have the largest warehouse for handling loose grain in the state of Oregon. The capacity of the structure being three hundred and fifty thousand bushels.—Condon Times.

The social and entertainment of the C. W. B. M. of the Christian church will be held at the church this, Thursday evening, instead of Friday as heretofore announced. The ladies have prepared a nice program, and a good social time is also promised, and all members and friends of the church are cordially invited to attend.

John Huston, son of Mr. and Mrs. E. R. Huston of this city arrived in Heppner the first of the week, having just completed a four year course at the University of Oregon. He received his degree from the institution a few days ago. Mr. Huston majored in medicine and intends to complete his course, specializing at one of the larger medical schools.

W. E. White and wife came over from Monument on Sunday. Mrs. White went on to Portland Monday for a brief visit, and Mr. W. returned the same day for their Monument home. Good growing weather now prevails throughout Northern Grant according to Mr. White, but there is yet much room for improvements in the roads between Heppner and the county line.

Wm. K. Livingston, who has spent his vacations in Heppner in past summers is attending the Rush Medical College in Chicago this summer. He intends to enter the James Hopkins University in Baltimore in the Fall unless he engages in hospital work in the army. Mrs. Livingston, who was formerly Miss Ruth Forbes Brown of this city, is visiting at the Livingston home in Forest Grove at the present time.

James Thomas, of Lexington, is a new name added to our list this week. He is a farmer of the north of Lexington section and has been a resident of this county for the past two years. Mr. Thomas is quite extensively engaged in wheat raising this season. His fall grain came along in fine shape but was injured somewhat by worms. Spring sowing is doing well and will make a good crop with proper weather conditions from this on.

Mr. and Mrs. Cal Sweck returned Sunday from Canyon City where Mr. Sweck was called on legal matters before the Circuit Court. They made the trip over the mountains by car and report the roads in fair condition with the exception of fifteen miles between Parkers Mill and the Morrow county line. According to Mr. Sweck, that strip of road is very rough and in some places quite soft. He says wool wagons are experiencing the customary trouble in getting through.

"Solenne in Quest' Ora" from La Forza del Destino
By MR. KARL JORN and MR. ARTHUR MIDDLETON
of the Metropolitan Opera Company, New York City

Messrs. Jorn and Middleton have given a wonderful performance of this superb duet, which, as everyone knows, is one of Verdi's masterpieces. Their performance is literally Re-Created by

The NEW EDISON "The Phonograph with a Soul"

That their voices cannot be told from the New Edison's Re-Creation of them in this wonderful duet has been proved by direct comparison. Messrs. Jorn and Middleton stood beside the New Edison and sang this beautiful duet. Suddenly, without warning, they quit singing, and the New Edison took up the duet alone. So perfectly are their voices Re-Created that it was necessary to look at their lips to tell when Messrs. Jorn and Middleton had ceased to sing.

We want you to hear the New Edison's Re-Creation of Jorn and Middleton in this wonderful duet. We also want you to hear the Re-Creation of other great voices; for example, Matzenauer, Rappold, Case, Destina, Zenatello, Urlus, Goritz and Fontana.

Let us give you an hour of Re-Created music. You will not be embarrassed by solicitations to buy. Bring your friends. We want every music lover to hear the New Edison.

NOTICE: Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.
