### THE NATIONAL EDUCATION ASSOCIATION.

Editor Gazette-Times:

The National Education Association meets in Portland, July 7-14. This meeting has an unusual interest to the people of Oregon. It will be many years before another meeting will be held so near us. Every teacher who can possibly do so should plan to attend. Every school officer who can spare the time and money should attend. In fact, every person interested in education who can afford to take the time and spare the money should attend. It will be a great meeting.

The program will deal very largely with patriotic themes and the relation of education to the national development. The printed volume of the proceedings will make a book of about 1200 pages. There should be a copy of this volume in every school library. It will be a most valuable book. There is only one way to obtain a copy of this book, and that is to take out a membership in the association. Every school district should, for this reason, take out what is known as an institutional membership, which costs \$2.00. The book will be well worth twice that amount. I have blank applications and will gladly send in your application if you desire me to do so. By taking out a membership, you will help your library, help to make the meeting a success, and help to maintain the reputation of Oregon for "doing things."

Respectfully,  
S. E. NOTSON.

### MR. SHEPHERDER GROWS FASTIDIOUS

Nice Canned Peaches and Creamery Butter is Edict From the Hills.

"Send me some nice canned peaches, some pineapple and creamery butter."

This is the line of talk Umatilla county sheepmen now get from their \$60 a month herders who formerly managed to live on stewed prunes and sowbilly while working for \$40 per month.

In other words high wool is not the only thing that is high in the sheep business. It is asserted by prominent growers that their grub bills have doubled in the last year or two and that the sheepherder's tastes have advanced in proportion. Yet at that it is hard to get experienced men and it is precarious business to send greenhorns out with sheep that are worth \$10 per.—Pendleton E. O.

Long Creek Ranger: Mr. and Mrs. Frank Hale passed through here Tuesday enroute for Heppner. Mrs. Hale is considering trading her store at Ritter for land near Hardman. Mr. Repass is in charge of the business during her absence.

## PERSONAL MENTION

Marion Cork of Lexington was a visitor in Heppner on Saturday.

Pearl Shamhart was in the city from his Eight Mile ranch Monday.

Miss Daphne Gullford, popular Echo young lady, was in Heppner last Friday.

John W. Maidment, well known Lone Rock sheepman, was in the city last Saturday.

Rugg brothers, Ed and Dave, were in the city Monday from their big Rhea creek ranch.

Little James Gilsee of Condon is visiting at the home of his uncle, Pat Farley, near this city.

Walter Hill, new cashier of the Lexington State Bank, went to that city on Monday to take charge of his position.

Kenneth Binns made a hurry-up trip to Ione last week, where he assisted in getting out an issue of the Ione Independent.

R. H. Weeks of the Hamilton ranch on Rhea creek has purchased a new Velle car.

Mr. and Mrs. W. B. Jenks of Monument have been visiting the past week with Mrs. Jenks' daughter, Mrs. D. M. Ward, in Black Horse.

Jas. M. Keeney, Pilot Rock sheepman, spent a few days in Heppner the last of the week and while here, made a visit at the T. J. Matlock home on upper Hinton creek.

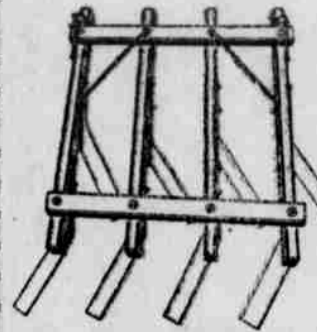

C. D. Robinson, Rock creek stockman, was in Heppner last Saturday on a brief visit and looking after business affairs. Mr. Robinson reports conditions good in his section.

Ed Buschke, Eight Mile farmer, spent a few hours in this city Monday. Mr. Buschke says crop conditions are excellent in his locality and he looks for big yields, providing adverse weather does not prevent.

Mr. and Mrs. Albert Bowker of this city attended the races in Condon recently and were guests at the home of Mr. and Mrs. George Purdy. Mr. Bowker is spending this week in Grant county on business.

Harold Cohn returned on Sunday from Portland with a new Cole "8" touring car. He has taken the Morrow county agency for this car and if it proves as popular here as in other sections, he will dispose of a great many of them. Since the last of May \$34,000 worth of Cole Eights have been sold in Pendleton.

## BE PREPARED

THE JONES WEEDER

See C. E. JONES or H. C. ASHBAUGH, Heppner, Oregon

To raise better crops by cultivating more and raising less weeds. It will pay you to invest in a Jones' Weeder. This machine has been greatly improved this year and will be a great factor in bigger crops.

Built in sections like a harrow, each section cuts five feet. You can use as many sections as needed. Six horses pull three sections cutting fifteen feet.

Absolutely the best machine ever built for cultivating summerfallow; does the work speedily and thoroughly. Get a Jones' Weeder before the weeds get big and ruin your summerfallow.

## Great Animal Circus Coming Here June 29th

FEARLESS GAY, WILD ANIMAL TRAINER.

To Be Seen Here in the Near Future. When Cole Bros' Big Three Ring Trained Wild Animal Show exhibits at Heppner, Friday, June 29, they will bring with them the most daring and fearless wild animal trainer known to the American people.

Mr. Chas. Gay enters the big steel arena at every performance. He takes Tigers, Panthers, Lions and Leopards, trains them to jump three hoops of fire, walk tight ropes, makes leopards work in harmony with panthers and other wild beasts under perfect control.

The big clumsy cinnamon bears, always a feature of every animal performance under canvas or on the vaudeville stage are taught to walk on their hind feet, drink from a bot-

tle, balance themselves on rolling balls as well as wrestle with their trainer.

The trained wild animal feature of Cole Bros' show, Mr. Chas. Gay, trainer, is by far the best of its kind presented by any tented amusement enterprise. Cole Bros. have spared neither pains nor money to make it better and to make it worth while to come miles to witness. Gay's \$50,000 group of black-maned African lions are the wonder of the animal world. They are trained to work like dogs at the crack of the whip. Three of these beasts of the jungle riding horses, one of them "Buck" the balloon lion, appearing before the public in a swinging balloon platform which is raised to the top of the big tent amidst the sputtering of fire crackers and skyrockets.
