## WEEKS' NEWS.

### Local And Personal Happenings of Heppner And Vicinity.

Henry Blackman and wife are here from San Francisco for a visit at the Phill Cohn home.

R. F. Hynd, president of the Heppner Milling Co., is spending a few days in the city from his home in Portland, looking after business interests.

Lost—Between Heppner and the forks of Willow creek, a 22 Remington special rifle, in leather gun case. Finder leave at this office and receive reward.

Frank Anderson, vice president of the Farmers and Stockgrowers National Bank, was in the city Wednesday from his Eight Mile home, accompanied by Mrs. Anderson.

FOR SALE—One Overland car; fine shape; good for 30,000 miles; 1912 model; new tires. Sell for \$250.00. This car never needs repairing. OREGON GARAGE.

Mrs. M. C. Curran and daughters Marie and Helen have arrived in the city from The Dalles, where the girls have been attending school. Mr. Curran has not yet found a house to rent.

During the past week Harold and Henry Cohn have disposed of three cars. L. V. Gentry and Joe Batty have bought Oldsmobiles and W. W. Howard of Butter creek has purchased a Cole "S."

Hugh E. Bran of the First National Bank returned the first of the week from Portland, where he spent the week-end visiting with friends. He returned by the Columbia Highway route in a new Chalmers car, which he purchased some two or three weeks ago.

E. S. Duran of Lexington was brought to the Heppner Sanatorium the first of the week suffering from a nervous breakdown. Mr. Duran has not been in good health for more than a year, but it is believed that good care will bring him back to health.

Mr. and Mrs. W. B. Jenks of Monument departed in their car from Heppner on Monday, going to Yellowstone National Park. They expect to make the trip by easy stages and will not return before the first or middle of August. Mr. and Mrs. Jenks were accompanied on their trip by Mrs. Franklin of Hamilton, sister of Mrs. Jenks.

A. E. McBride and wife, accompanied by their son-in-law, Mark Smith, have been spending a few days in Heppner on business. Mr. McBride has just filed on a homestead in the vicinity of Slocum's Mill, on the headwaters of Willow creek. Mr. McBride believes that he has a fine homestead. There is considerable timber on the place.

A representative of this paper desires to express his thanks on behalf of himself and the other members of the Red Cross soliciting committee who were so finely entertained for dinner at the country home of Mr. and Mrs. Chas. Devin on Monday. Being somewhat belated, it was indeed kind of these good people to see that the "hungry four" were filled to the full and sent on their way rejoicing. Mr. and Mrs. Devin are getting their farm home in fine shape, having their new house now about completed and furnished up in modern style. The completion of a good well on the place some two months ago gives them all kinds of pure water, piped to house and barn. This well is 482 feet deep and contains an inexhaustible flow of water. Charley rejoices that he has at last graduated from the water wagon. He is developing one of the best wheat farms on the west side.

Will Trail Sheep to Wallowa.

Mike Doherty of Doherty Bros., Butter creek sheepmen, who was here yesterday, states that his band of 4000 head of ewes and lambs will be driven to Wallowa for summer range, leaving the home ranch next week. They will also drive a band of 2000 head to the same range for Wigglesworth and Sons. Mr. Doherty announces that his firm will sell 1100 head of ewes in the fall before starting for home again. They disposed of their wool some time ago at 47c. The ewes which they have at the present time were purchased from Joe Masheda at \$7 per head with the wool on and already the Doherty's have realized a profit of \$6 per head on the buy.—Pilot Rock Record.

### "Solenne in Quest' Ora" from La Forza del Destino

By MR. KARL JORN and MR. ARTHUR MIDDLETON

of the Metropolitan Opera Company, New York City

Messrs. Jorn and Middleton have given a wonderful performance of this superb duet, which, as everyone knows, is one of Verdi's masterpieces. Their performance is literally Re-Created by

The NEW EDISON "The Phonograph with a Soul"

That their voices cannot be told from the New Edison's Re-Creation of them in this wonderful duet has been proved by direct comparison. Messrs. Jorn and Middleton stood beside the New Edison and sang this beautiful duet. Suddenly, without warning, they quit singing, and the New Edison took up the duet alone. So perfectly are their voices Re-Created that it was necessary to look at their lips to tell when Messrs. Jorn and Middleton had ceased to sing.

We want you to hear the New Edison's Re-Creation of Jorn and Middleton in this wonderful duet. We also want you to hear the Re-Creation of other great voices; for example, Matzenauer, Rappold, Case, Destinn,

Zenatello, Urlus, Goritz and Fontana.

Let us give you an hour of Re-Created music. You will not be embarrassed by solicitations to buy. Bring your friends. We want every music lover to hear the New Edison.

NOTICE: Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.
