

Save Three Hours out of Every Four Your Horses Work by Using **Smith Form-a-Truck**

\$350

F. O. B. Chicago

ALBERT BOWKER, Agent, Heppner, Oregon

Every minute wasted on the road by slow, inefficient hauling and delivery costs you real money. Horses take from three to four times as long to cover the ground as it will take you when you install Smith Form-a-Trucks in your service.

Three to four miles an hour is the best horses can do with a ton load. Smith Form-a-Truck replaces the slow, time wasting walk of horses with a speed of from ten to fourteen miles an hour under every condition of work.

And it costs no more to buy a Smith Form-a-Truck than it does to buy a good pair of horses equal to the work of hauling a ton load. If your hauling or delivery requires all-day service every working day of the year, you must have at least two teams for every wagon.

The sturdy, efficient, untiring Smith Form-a-Truck never takes time out for rest, never has to lay off the job. It works steadily day in and day out, always maintaining its high speed, always moving its load quickly, easily, and at lower cost than any other form of service you can buy.

Records of service obtained from over 18,000 Smith Form-a-Truck users show a ten mile cost of less than 8 cents. And the first Smith Form-a-Truck ever sold has been in service four years, covered 20,000 miles and cost only \$8 for repairs.

Get a Smith Form-a-Truck, attach it to any Ford, Dodge Bros., Overland, Buick, Chevrolet or Maxwell chassis and end your excessive hauling and delivery costs.

Put your hauling problems up to us. It doesn't cost you a cent to learn just how much money we can put back into your pocket that you are now putting into horses.

WELL KNOWN WRESTLERS WILL MEET HERE ON JULY 7th

Wrestling fans of Heppner, and we might say, the entire county, will have another opportunity to see Jim Londos, the Greek wrestler in action here again soon. He will meet Harold Christensen, champion wrestler of Denmark, on Saturday night, July 7th at the Opera House. There will be a number of preliminary events but the big match will commence promptly at 9 o'clock.

Londos has been wrestling through the Middle West and on the Coast since he was in Heppner more than a year ago and he has, since that time met and defeated some of the best of them.

However, it is predicted that Londos will have no easy victory over his opponent Christensen, if indeed, he is able to get away with the larger part of the falls. The Dane was winner of the world's amateur championship for several consecutive years, having competed with the best amateur wrestlers at the Olympic games and not once meeting defeat. Since coming to the United States a little more than a year ago, Christensen has lost but one match, and that to champion Joe Stecher. He has wrestled a draw with Strangler Lewis and other noted heavyweights and when pitted against men of his own weight has always been returned the winner. The two men will weigh in at 175 pounds.

In this match the wrestling fraternity will have an opportunity to witness talent that rarely presents itself to towns the size of Heppner. The match might easily be held in a much larger town. But Heppner has demonstrated on past occasions that they are interested in the great wrestling game, and for that reason the event will take place here.

JOHN McENTIRE SOLD HIS WOOL AT HIGH FIGURE

John McEntire, who runs sheep on the Whetstone ranch on Hinton creek, recently sold his entire 1917 wool clip at the high figure of 61 cents.

This makes up in part for the hard luck which Mr. McEntire encountered during the past year when he lost a large number of sheep by poison. Mr. McEntire sold nearly \$10,000 worth of wool this year but he has not lost sight of the source of this great increase in earnings. He has invested heavily in Liberty bonds and contributed generously to the Red Cross.

Mr. McEntire has sent his sheep to the summer range in the high mountains.

Joseph M. Woods, of Gooseberry was married to Elsie May Emry at the Eastern Hotel in Heppner Saturday evening, June 30, Turner B. MacDonald officiating.

This is one among the largest individual land transactions consummated in the Heppner section so far this season, the farm is considered to be one of the very best in the Blackhorse country. It is one of the oldest places in the county and has been very successfully farmed for many years, producing abundant crops of grain. The Browns recently purchased property in Heppner and it is their intention to build them a nice home here.

R. J. Carsner and family were Heppner visitors for several days during the past week from their home in Wheeler county near Spray. Mr. Carsner is a prominent farmer and cattleman of the Spray country.
