STATE OF OREGON,  
COUNTY OF MORROW  
I, J. A. Waters, County Clerk of Morrow County, Oregon, do certify that the foregoing statement is a true and correct account of the claims allowed by the County Court, of Morrow County, State of Oregon, the accounts on which the same were drawn, and the amount of outstanding warrants not paid, for the six months ending June 31, 1917, as shown by the records in my office and in my custody.  
In Witness Whereof I have hereunto set my hand and affixed the seal of said Court this 7th day of July, 1917.  
[SEAL] J. A. WATERS, County Clerk.

**SOME GOOD ADVICE**  
Strengthened by Heppner Experience.  
Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or bladder disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney remedy so well recommended as Doan's Kidney Pills. Heppner people rely on them. Here's one of the many statements from Heppner people.  
Mrs. A. G. DeVore says: "Speaking from past experience, I gladly recommend Doan's Kidney Pills. I know they are a medicine of merit and I couldn't recommend a more re-

liable one."  
Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. DeVore had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.  
Ralph Weeks received a number of cattle from the Eastern Washington country this week and has taken them to the Hamilton ranch where he will put them in prime condition for the beef market.  
The Morrow Land Company is a new organization recently formed to handle Morrow county real estate. Pat Crow and Dave McAtee are the members of the new firm and they have opened up temporary offices in the Oscar R. Otto piano store.

OFFICIAL PAPER FOR MORROW COUNTY.

Thursday, July 12, 1917

### THE RED CROSS SLACKER.

Nothing was said at the time, but Morrow county had a few slackers in the Red Cross campaign. They were slackers of the worst sort too, for it is well known how these men have gained their wealth from a land of free and easy people, liberty loving people. Years of peace and contentment, away from the autocratic law of a foreign government, has failed to teach these men the lesson, the lesson of appreciation. It seems that the hog spirit sometimes takes possession of a man's soul until there is no soul left at all; if there is, it is the soul of greed.

The pathetic picture of their country calling for aid for the men who will be wounded on the field of battle makes no impression upon their greed-benumbed brain. What care they for the man who is giving his life blood to the perpetuation of the very principles which these sharks have lived to enjoy these years.

It is very likely that every man of known wealth who had an opportunity to aid the Red Cross and did not, will be advertised far and wide and may the day come when the government which has been so good to him, will use a force sufficient to bring him to his knees in repentance. His worldly wealth is dearer to him than all honor. He stands a good chance of losing both.

### COMMITTEE FAVORS BITULITHIC.

The street paving committee has returned from a visit to Pendleton and Walla Walla, where they made thorough investigation of the various types of street paving which have been put down in those cities. Every member of the committee went over seeking information from first-hand sources and they come back feeling that first hand facts have been received.

They learned among other things that bitulithic paving stands far and above all other kinds in the estimation of the people of the cities visited. A test of fourteen years on a Walla Walla street has demonstrated the wearing ability of bitulithic. Walla Walla is laying three miles of this kind of paving at the present time, we are informed by the committee. The State Highway Commission is using bitulithic, as is evidenced by the work now started on a unit of the highway in Umatilla county.

One drawback to concrete appears to be, as learned by the committee, that it is liable to crack when laid in large pieces. After once cracking, the erosion caused by water soon plays havoc with the street surface and besides the enormous cost of upkeep from then on, a smooth surface is forever a thing of the

### NOTICE OF SALE OF REAL PROPERTY.

Notice is hereby given that the County Court of the State of Oregon, for Morrow County, did on the 29th day of June, 1917, make and enter an order, granting to the undersigned as administrator of the estate of Nora McCabe, deceased, license to sell at public auction the following described real property belonging to said estate situated in Morrow County, State of Oregon, to-wit: A one-third interest in and to the W 1/2 of Section 33, Township 1 South, Range 29, E. W. M.; E 1/2 W 1/2, Section 4, Township 2 South, Range 29, E. W. M., said real property is subject to a mortgage in the sum of \$3,500.00.

By virtue of said order I will on the 4th day of August, 1917, at the front door of the County Court House, in Heppner, Morrow County, Oregon, at the hour of two o'clock P. M. of said day, sell at public auction to the highest bidder for cash the above-described real property.

Right is hereby reserved to reject all bids.

FRANCIS McCABE, Administrator.

Emery Gentry was down from the upper Willow creek road the first of the week and says that road work in that vicinity is progressing rapidly. All the rocks will be raked out between Heppner and Ditch creek. This part of the job is completed nearly as far as the Slocum mill.

# BUICKS

## LEAD

For This There Is A Reason

See These Cars

Five Passenger, six cylinder, 45 horsepower - - - \$1220.00

Five passenger, four cylinder, 35 horsepower - - \$795.00

These prices are F. O. B. Heppner

## BUICK DESIGN

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Times 31x4 inches.

"SEE R. F. WEIGEL ABOUT IT"

past. The committee had good opportunity to see the results of macadam. There is a stretch of this kind of road between Pendleton and Walla Walla and its condition today is something unspeakable, if the verdict of one member of the committee may be relied upon. In spite of the fact that this road was built only a few years ago, it has not held up and it is said that as much money has been spent since it was built in keeping it up as was the initial cost of building.

In the near future the committee will make their report to the people of Heppner and at that time they will have sufficient figures and estimates to give a comprehensive idea of what our citizens will want to do. They will also forward valuable suggestions as to plans of procedure, the methods to be used in financing the cost and suggestions as to whether the bonding method or street frontage assessment to property owners will be the course to pursue in raising the money. It will probably be necessary to hold a special election to amend the city charter and if this is so, a number of other questions relative to the street paving proposition may be voted upon at that time.

Heppner needs better streets. We can have them if we go about the job in a wholly united, concerted way and can get them quick. One purpose for all will get results.
