Smith Form-a-Truck

\$350

F. O. B. Chicago

YOU can almost positively count on a 75% cash saving in your delivery and hauling costs if you install Smith Form-a-Truck equipment.

For one Smith Form-a-Truck will easily do the work of from three to four teams—costs no more than one good team to buy—and eliminate all unnecessary labor and equipment charges.

It will cost you nothing to maintain when it is not actually working for you—and when it is working it will give you the lowest ton-mile hauling cost in the world.

18,000 users have proved these big service facts in over 600 lines of business. The demand this year makes 30,000 the minimum number the factory can build.

And the big new development—the universal attachment fitting over any Ford, Maxwell, Buick, Dodge Bros., Chevrolet or Overland chassis lets you select your own proved power plant.
