**Irrigation Permits Issued.**

State Engineer Lewis issued 104 permits to appropriate water and 4 permits to construct reservoirs during the second quarter of 1917, covering the irrigation of 5,395 acres of land and the development of 161 horsepower, with an estimated cost of construction of \$86,520.

During this period 2 permits were issued in Umatilla county, as follows:

To Payne & Jaycox, of Walla Walla, for the irrigation of 20 acres from Little Walla Walla River.

**FAMOUS SPRINGS PROPRIETOR IS ENTHUSIASTIC BOOSTER**

Mrs. C. R. Davis and daughter of the Ritter Hot Springs were in Canyon City last week settling up the estate of Mr. Davis who died last fall. Mrs. Davis is an enthusiastic booster for the Ritter section of Grant county and a firm believer in the curative properties of the famous Ritter springs. She has been largely instrumental in promoting the building of the road from Ritter to Heppner, a distance of 42 miles and which gives the Ritter people an excellent outlet for their stock and produce. The major portion of this road was built by the Morrow county people.—Canyon City Blue Mountain Eagle.

**Return From Visit to Crater Lake.**

Glenn Y. Wells and wife, accompanied by Mrs. Wells' father, arrived in Heppner Saturday evening from an extensive auto tour of Southern Oregon. While away, Mr. Wells says they visited the fisherman's paradise of Oregon, the Klamath Falls country. They enjoyed boating trips over the Klamath lakes and spent much time fishing. The most enjoyable part of the trip was a visit to Crater Lake and the country surrounding it. Although the season is early and as yet the hotel has not been opened there, Mr. Wells says a large number of tourists are already finding their way there. Mr. and Mrs. Wells expect to leave in a week or two for Wallowa Lake to spend a few weeks in Oregon's Switzerland. Mr. Wells spent his vacation there last year and he is quite enthusiastic over the mountains and lakes. Wild game and fish are in abundance there, and for mountain climbing and superb grandeur one could wish for nothing better. On top of the Powder mountains Mr. Wells says, there is a chain of some forty lakes.

**U. S. ARMY IS BADLY IN NEED OF COOKS AND BAKERS**

Postmaster Richardson has just received the following letter from E. L. French, Sergeant General and Recruiting officer at The Dalles which is self explanatory:  
U. S. Army Recruiting Station, The Dalles, Oregon, July 12, 1917.

The Postmaster, Heppner, Ore. Dear Sir:—

I have just received word from the War Department in Washington, D. C., that the Army needs at once seventeen hundred cooks and bakers. Slight physical defects, that might bar enlistments in any other branches of the service will be waived in the case of cooks and bakers, they will have no military duties to perform and draw the pay and allowances of non-commissioned officers.

The Regular Army Signal Corps is badly in need of men who possess any of the following qualifications: Cable, telegraph and radio operators; inside and outside wiremen, electricians; machinists; photographers; and men who are familiar with the construction and maintenance of telephone systems.

About fifty thousand recruits are yet needed for the Regular U. S. Infantry.

Very respectfully,  
E. L. FRENCH,  
Sergeant General Recruiting Service.
