

PAIGE

The Most Beautiful Car in America

For the Protection of Paige Purchasers

A Prophecy of Particular Interest to Prospective Motor Car Buyers

The Paige is practically the last to raise prices. We have stood the material raises patiently. At last we confront the inevitable. However, you will observe in reading Paige Prices below that in no instance has the increase been more than \$100—although some cars in the same relative price class as the Paige now cost \$200 more than heretofore.

We are able to give Paige purchasers this discrimination because they are getting the benefit of the prices at which we bought large quantities of material on contract months ago.

This advance in the prices now asked for Paige cars by no means covers the actual increase in the cost of materials. The Paige-Detroit Motor Car Company is still making a substantial sacrifice in offering Paige cars at these prices.

These Paige cars are therefore more remarkable values than ever before—and the Paige, you know, has always led the field in values. There has been no compromise in Paige quality, no juggling of the factors, little or big, that have won Paige leadership. Not one iota has the Paige standard been lowered.

In view of these facts, Paige cars remain at the present prices the greatest dollar for dollar value the market affords.

However, the market for materials is rising steadily. The cost of producing a car of Paige quality continues to soar. We estimate that we have enough materials contracted for and on hand to permit us to maintain present prices for approximately 60 to 90 days. When this supply of materials is exhausted, it will then, obviously, be necessary for us to raise prices, and even then Paige prices will be raised only in proportion to the increased prices of materials on new contracts.

Our one anxiety, as has always been our policy, is to give Paige purchasers every protection and consideration. We desire to be frank and give fair warning.

The price problem, however, is never a determining factor in the progress of the Paige in winning the preference and confidence of the public. The Paige has always won its way independent of price tags and the artificial labels of price class.

We have always refused and will always refuse to raise Paige prices beyond the actual increased cost of materials.

Therefore, now, as before, you will select the Paige because of its mechanical excellence, its beauty and its supreme quality.

RICH IONE RANCHER IS SUED FOR DIVORCE

Mathias Halvorsen, a wealthy farmer of Ione, was today made defendant in a divorce suit filed by his wife, Mary R. Halvorsen, in the Umatilla circuit court. She not only asks for a divorce but for one-third of his 3000 acres of farm land, for \$15,000 outright, for \$2500 suit money, for \$150 a month during the pendency of the suit, for \$100 a month permanent alimony, for \$80 a month during the minority of their two children, for \$1534 and interest, alleged to be due on a promissory note and for the care and custody of the two children.

She has secured a temporary order restraining him from disposing of any of his property during the pendency of the suit and for the payment of the suit money and temporary alimony. Service was secured upon him today, he having been in Pendleton on a visit.

The Halvorsens were married in Heppner in 1901. Plaintiff alleges that after mistreating her for years, her husband deserted her in June, 1916, and so circulated false stories about her in Ione that she was compelled to move to Pendleton last August. She alleges that her husband was always twitting her about not being as good looking or as good a cook as other women, refused to pay her necessary bills, refused to pay a promissory note which he had given her father and which had been assigned to her, nagged at her and falsely accused her of infidelity.

She alleges he has 3120 acres of farm land valued at \$120,000 and that altogether he is worth \$180,000 or more. W. M. Peterson is her attorney. A lively legal fight is anticipated.—Pendleton East Oregonian.

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness. Profit By Heppner People's Experiences.

Occasional attacks of backache, bladder weakness, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Heppner proves the effectiveness of this great kidney remedy.

Mrs. A. Missildine, Court St., Heppner, says: "It was a good many years ago that I took Doan's Kidney Pills and I know from the benefit I received at that time that they are all that is claimed for them. If it would be necessary to take a kidney medicine again, I would use Doan's Kidney Pills, for I have always had a great deal of confidence in them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Missildine had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BURGESS IS APPOINTED ON LIVESTOCK BOARD

Former State Senator J. N. Burgess, president of the Cunningham Sheep & Land Co., and one of the prominent stockmen of Eastern Oregon, has been named by Governor Withycombe as a member of the state livestock board, succeeding Herbert Boylen, also of this county, who was a member of the first board. Eastern Oregon is given two members of the board, the other from the section being W. B. Barrack, of Heppner. The term is for four years.—Pendleton Tribune.

FOREST SERVICE TO PROVIDE MILITARY AMBULANCES

District Forester Geo. H. Cook, Portland, Oregon, announces that members of the Forest Service in the North Pacific District, comprising Oregon, Washington and Alaska, will raise a fund to purchase an ambulance for military use.

"Considering the great need for ambulances," says Mr. Cecil "The fact that many Forest officers are assisting for military service and that sacrifices of life, time and money are necessary until the war is over, it is believed that the call for contributions will meet a quick and generous response from the men and women employed in the Portland office and on the twenty-seven National Forests in the District."

A dial bearing a red cross and the Forest Service shield and two ambulances, has been installed on the bulletin board at the district headquarters to show graphically the progress of the fund. One hand indicates the amount pledged, the other the sum actually paid in. All contributions are voluntary, and it is expected the necessary amount will be raised by September 1.

W. L. Barlow, prominent wheat farmer of the Ione section, was a Heppner business visitor Monday. Mr. Barlow says that while two wheat crops in his section will be short this year, there nevertheless will be a large amount of grain harvested. Mr. Barlow says his wheat crop will make at least ten bushels per acre.

Claude Huston of Eight Mile was in the city Tuesday.
