

# RECOGNITION!

Never have so many voluntary expressions of satisfaction and goodwill been received as those coming from Cole Eight owners.

Never have sales been so great, nor cars ordered so far in advance.

Never has the Cole been more strongly entrenched as America's dominant Eight.

Each day the growing demand for the Cole Eight is more difficult to meet.

The factory distributors for this Pacific Northwest are literally fighting for every carload shipped into this territory.

We suggest that if you want a Cole Eight now, next month, or the month following, **ORDER IT TODAY.**

Seven passenger Cole Eight \$1795. Four Passenger Cole Eight Roadster \$1795.  
Prices f. o. b. factory. Subject to change without notice.

### Return From Canadian Trip.

Mr. and Mrs. C. A. Minor returned the last of the week from an auto trip which took them as far north as Vancouver, B. C. In the party were Mr. and Mrs. Minor and Miss Blanche Mrs. Ann Minor of Heppner and Mrs. Bennett of Cecil. The trip was a delightful one and the party visited many points of interest, coming and going. One of the most delightful points visited was Crescent Lake in the Olympic mountains. Bellingham, Seattle and other Sound cities were taken in en route and Mr. Minor returned home through the Green River pass and via North Yakima. The roads all the way on this route are good and for an auto trip and outing this journey is recommended by Mr. Minor as being one of the most delightful a person can take at this time of the year.

### Is On Run Again.

J. E. Berwick has returned to his place as engineer on the Heppner branch, after an enforced absence of several months on account of sickness. He took charge of his engine on Wednesday and will now continue on the run. Mr. Berwick had a close call and for many weeks he lay between life and death at the hospital in Portland and was finally able to pull through on account of his splendid constitution. The many friends of Mr. and Mrs. Berwick are pleased to have them back at Heppner again.

## COOLNESS

There's nothing so cool as an oil stove for summer cooking. All the heat is concentrated on the cooking and not radiated about the kitchen.

Cooks everything any wood or coal range will cook, and cooks it better, because of the steady, evenly-distributed heat.

Use it all the year 'round—more convenient than a wood or coal stove, and more economical.

The long blue chimneys prevent all smoke and smell. In 1, 2, 3 and 4 burner sizes, with or without ovens. Also cabinet models. Ask your dealer today.
