The families of C. E. Woodson and Willard Herren are moving today to their new summer camp just above the Herren Mill. This is considered one of the ideal spots for camping as it is easy of access and in the midst of many huckleberry patches.

The accident is quite painful and is likely to leave his hand somewhat disfigured.

Creamery Is Doing Big Business.

The Morrow County Creamery at the present time is doing an unparalleled business. Cream shipments have been on the increase and as a result more butter has been made than ever before. Wednesday the creamery shipped 1700 pounds of butter to Portland, this being a surplus of what is disposed of locally. Manager Claude Cox estimates that the creamery will also have sold 1000 gallons of ice cream during the month of July.

Home Guard Up In the Air.

The proposed home guard for Heppner is figuratively up in the air at the present time. It seems that the movement was off to a good start with more than one hundred members, when those having in charge the organization were informed by Governor Withycombe that he had neither power nor means to furnish and equip the home guard with uniforms and guns. Just what will be done in view of this circumstance, has not yet been announced. It is possible that the local patriots will go ahead with their organization, providing it does not conflict with rules of the army department.

Announcement

TO THE PEOPLE OF MORROW COUNTY:

We now wish to announce the completion of the work of remodeling the Palace Hotel, and call your attention to the conveniences now open to the public.

We now are prepared to furnish our patrons with rooms with bath (tub or shower), hot and cold water and all modern improvements. Our new Mezzanine floor facing the lobby contains the ladies' rest room and writing room which are always open to the public. We would be pleased to have you come in and use them at any time. We have installed a telephone booth in the lobby that is for the use of all, both for local and long distance calls. We will be glad to have our patrons phone us at any time for ranch hands, for we are prepared to serve you better than ever before and trust you will call on us when help is needed.

The new hard wood floor in the Grille room offers an exceptional opportunity for Dinner Dances, Private Dances or Club Dances. In the basement is a new modern Billiard and Pool Room making it possible for you to amuse yourself during the hottest weather. Next door to this is a ten pin bowling alley.

We have built a private dining room just off from the lobby that will accommodate private luncheons, dinner parties or banquets at any hour of the day or night.

We also wish to call your attention to the installation of a new drinking fountain in the lobby where ice water can be had at all times. The ice is put in a box that is filled with lead pipe. This keeps the water cold and pure. Arrangements are now under way to make the Palace modern from top to bottom, with steam heat, hot and cold water in every room, before the cold weather comes again.

We cordially invite the people of Morrow County and Eastern Oregon to make use of these new improvements and the Palace their headquarters while in Heppner.

By J. L. WILKINS, Manager.

Much Time and Money

have been wasted in a vain endeavor to convince people that there is real virtue in Imitations and Substitutes, not alone in the goods themselves, but in the methods of selling. In the end the people find out that it is only a "new slant" to the old game and that any variations from the established principles of sound business dealing are sure to result unsatisfactorily. Let your local dealer show you "the Nigger-in-the-wood-pile." It's there.
