

CHANDLER SIX

Chandler Records Are Owners' Records

Not to our knowledge has a professional motor car driver ever made a record with a Chandler Six.

But all the thousands of owners of Chandler Sixes, every day, are making the kind of records that count. Records of satisfactory service.

The Chandler Company has never built a racing car. Chandler owners do not want racing cars.

The 55 to 60 miles per hour speed that every Chandler car will do is speed much greater than you would ever ask for.

The Chandler Company has

never built a special mountain-climbing car with short wheel base and low gear ratio.

The ease with which every Chandler climbs steep grades on high gear is satisfying to the Chandler owner.

The Chandler Company has never supplied any Chandler dealer anywhere with a special gear ratio for demonstrating purposes.

What any Chandler Six does your Chandler Six will do.

The manufacturer of one six can make just as big claims as the manufacturer of any other six. But

The Chandler is a Fact-Car, Not a Claim-Car, and These Are Facts, Not Claims

- There is no other six more flexible in control, more responsive to your every demand, than the Chandler.
- There is no other which will pull hard grades on high with greater ease.
- There is no other so economical in operation.
- There is no other which embodies in its design and construction so many features characteristic of high-grade high-priced motor cars.
- There is no other of more beautiful body lines or greater riding comfort.

The local chapter of the Red Cross is very active at the present time and much work of a practical nature is being done by the members. Sewing rooms have been established in the South Methodist church and the women have been meeting there daily. A large share of the credit for the work now being done is to be given to Mrs. A. E. Binns, whose incessant and tireless efforts have aided to a marked degree, the efficiency of the sewing circle. At this time the local chapter is turning out hospital supplies of various kinds.
