Built in sections like a harrow, each section cuts five feet. You can use as many sections as needed. Six horses pull three sections cutting fifteen feet.

Absolutely the best machine ever built for cultivating summerfallow; does the work speedily and thoroughly. Get a Jones' Weeder before the weeds get big and ruin your summerfallow.

# PAIGE

The Most Beautiful Car in America

## Protecting Paige Buyers

It is, and always has been, Paige policy to protect and conserve the interests of Paige buyers.

Contracts for large quantities of materials, entered into months ago, have enabled the Paige-Detroit Motor Car Company to scale its present list prices so that in no instance has the increase exceeded \$100. But when the present supply of materials is exhausted, there must inevitably be a readjustment of prices.

Paige prices are never fixed arbitrarily. The buyer is always permitted to share in the benefits resulting from foresight and good business judgment.

But price has never been the determining factor in the buyer's selection of a Paige car. He will continue to select the Paige independent of price figures.

The Paige wins the preference always because of mechanical excellence, beauty and supreme quality.
