J. W. Johnson, the contractor, has his new home at the north end of Gale street well under construction. The frame work is up and the interior finishing will start at once. Mr. Johnson will have a neat little house when it is completed. A crew of his carpenters are doing the work. Forty two dollars a ton was paid by W. G. Scott of Lexington this week for the first barley sold there. He made an offer of \$2.25 1/2 for wheat also, but we did not learn whether the offer was accepted.

VAWTER CRAWFORD, Proprietor. ARTHUR R. CRAWFORD, Editor.

OFFICIAL PAPER FOR MORROW COUNTY.

Thursday, August 9, 1917,

The second number of the "Oregon Exchanges" has arrived at our desk. The breezy, neatly printed and excellently edited journal is purely a newspaper man's magazine. It deals with questions of vital interest to journalists and printers and is devoted to the upbuilding of journalism in Oregon. "Oregon Exchanges" is published by the School of Journalism at the University of Oregon. One of the features of the magazine is that department, "All over Oregon" which will be the proper method of keeping each newspaperman posted on the actions of every other newspaperman in the state. The idea for such a magazine had its incipency in the brain of Eric W. Allen, dean of the School of Journalism and he is largely responsible for putting it over in such a successful fashion. We shall look forward to the next issue.

Are you reading Ambassador Ger-

ard's articles now appearing in the Morning Oregonian? They are interesting in the extreme and give us first hand facts of the European war situation that we have not received before.

"We have thought it was the height of folly," says the Canyon City Blue Mountain Eagle, "for the county to import flour, bacon, ham, lard and hay, but when it comes to shipping in cord wood the limit is being reached." The same thought has come to our minds many, many times, and especially when we have had to pay a high price for fuel. Less than twenty miles away is a forest heavily laden and the timber is of a quality far exceeding much that is shipped in from outside. We hear rumors of a fuel shortage. If such a thing develops, it may be the means of opening our eyes to what we have near at hand and also result in opening up

this rich field of fuel to the people of this section.

### ANOTHER ONE GONE.

It is our pleasure to record this week the passing of another one of those wooden awnings. Sixty or seventy feet of civic eye sores passed forever from view at a single sweep of the carpenter's hammer and there has been left in its place a modern store front and all the up-to-date finishings. The result of the improvement is so pleasing that other property owners are bound to catch the idea. Let the good work go on.

### Publicity in Draft Exemption.

Are you going to claim exemption from military service before the draft board, or are you going to take your medicine without a murmur? The local newspapers have been requested to print the complete list of those who have made exemption claims, and all the reasons given why the claimant should not be drafted into military service. In order that the fullest publicity be given in the matter, the local press will give all the details in the claims as made before the local exemption board.

### HEPPNER NEWS This Case Has a Hint for Many Heppner Readers.

This Heppner woman has used Doan's Kidney Pills.

She has found them as represented. She wishes her neighbors to know. She publicly recommends them. No need to look further for a tested kidney remedy.

The proof of merit is here and can be investigated.

Profit by the statement of Mrs. B. G. Sigsbee of K St. She says:

"Speaking from personal experience, I can recommend Doan's Kidney Pills, for I have always found them to be just what is represented of them. Whenever I get that tired, dull ache across the small of my back and notice my kidneys are not acting right, I get a box of Doan's Kidney Pills. After taking them a few days, I feel as well as ever."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sigsbee had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

E. R. Merritt received an injury to one of his arms recently when he got caught between two trees. He was cutting wood at the time, on his mountain ranch. He came to town for medical treatment.

### Man Disqualifies.

Walter Drumm of Parkers Mill, one of those called in the first draft, appeared for examination today and was passed up as being too tall and not heavy enough. Drumm is 6 feet and 2 inches in height and falls considerably short of the required weight.
