BANKING FACILITIES AND SERVICES

MOST people view banks simply as a safe place for the deposit of funds, convenience in handling receipts and disbursements, and a source of income from Savings and Time Deposit accounts. The facilities and services of the Farmers and Stockgrowers National Bank are in reality much broader in scope than that.

We are going to outline the functions of this institution in detail in this space from time to time. Watch closely.

These Useful Publications May Be Had for the Asking.

The Union Pacific System has just taken from the press two very useful and valuable publications, one the "Columbia River Gorge," giving a topographical map of and describing how to make a series of short jaunts into that wonderfully interesting region. Since the completion of the Highway a large number of delightful foot and pony trails have been constructed into the nearby mountain fastnesses that may be easily "negotiated" on foot in a day, using Portland as the starting point and taking a convenient morning train to the nearest station. Many Columbia Gorge scenes beautify its pages.

The other is a convenient indexed pocket map of Oregon, Washington and Idaho, printed in colors and giving the latest map data of those states.

These publications are for free distribution on application to Wm. McMurray, General Passenger Agent, Portland, Oregon.

Married at Butter Creek.

Miss Gladys M. Stephens, a niece of Erwin and Alton Basey, was joined in wedlock Sunday to Edward Canfield, youngest son of Mr. and Mrs. R. C. Canfield. The knot was tied at the home of Alton Basey, after which a wedding dinner was partaken of by relatives and friends. The bride and groom are well and favorably known in the Butter creek valley.—Hermiston Herald.

George Shick has been here on a visit with the families of Ed Hunt and Mal Church, his sons-in-law, for the past three weeks. He resides in the Yakima country and likes it over there very much. Mr. Shick left for his home yesterday.
