

*The Most Beautiful Car in America.*

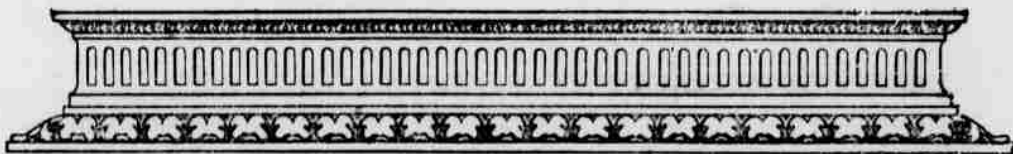

Twenty thousand Paige volunteer salesmen joined the Paige organization during the last season. Every purchaser of a Paige car immediately becomes a willing and enthusiastic "booster." That is one of the principal reasons why Paige cars are easy to sell and it also proves that the Paige stays sold. These 20,000 volunteer salesmen have been a big factor in creating the Paige waiting lists that are growing steadily throughout the country. The nation-wide enthusiasm for the Paige is inspired by the mechanical excellence of The Most Beautiful Car in America, its reliability, its durability, its economy of operation—its supreme quality.

NOTE—It is impossible for us to guarantee the following prices for any definite length of time.

Stratford "Six-51" seven-passenger	\$1595 f. o. b. Detroit

**JAEGER BROS. JEWELERS OPTICIANS PORTLAND, OREGON**

**Poor Sidewalk Cause of Injury.**  
 Improvement of Heppner sidewalks is timely and may be the means of averting serious injury to more than one person. An example of what a rickety sidewalk will do, was shown last Saturday when Mrs. M. J. Bradford stepped on the end of a loose board and was thrown violently to the walk, receiving serious bruises and a nervous shakeup. The walk on the south side of the Opera House building, which in any event would be used mostly by residents living on the west end of Willow St., is absolutely dangerous to pedestrians. One trip over this walk, and the average citizen will forever take to the middle of the street. Some of our worst sidewalks should be condemned and ordered replaced with a substantial walk, or at least torn completely out, thereby removing all chances of danger.

F. E. Bell, who owns a big wheat ranch in the Black Horse country, was down from his Spokane home last week looking after property interests.

**FOUR IN CAR GO OVER DANGEROUS GRADE**

Ed Farnsworth Drives Car and No Serious Injuries Result From the Thrilling Experience.

How four people can drive over a fifty foot embankment and have the car roll around until it is a wreck and then all escape is a situation that belongs more to the moving picture world than it does to real, everyday, ordinary life. Yet, this is just what transpired here Monday afternoon when Ed Farnsworth of Monument drove his car off the grade between here and John Day. Mrs. Farnsworth was in the front seat with Mr. Farnsworth and Mr. and Mrs. Leet Paine were in the back seat. They reached a point on the narrow grade where it was about 50 feet down to Canyon creek. Thomas Crowley started to get onto the running board as the car was moving slowly. Mr. Farnsworth turned his head to see if he got on safely and as there was a turn in the road the instant taken to turn around was long enough for the car to start on its headlong plunge.

The thrilling sight was witnessed by a number of people and they said that it looked like a "Movie Thriller." Mr. and Mrs. Farnsworth escaped with hardly a scratch. Mr. Paine was cut and bruised and Mrs. Paine suffered a broken nose. There were cuts and wounds sufficient to reden the ground with blood and the scene looked like a fatal accident had transpired.—Canyon City Blue Mt. Eagle.

**DEER SEASON TO OPEN ON SEPTEMBER FIRST**

Newly Discovered Law Makes Situation Plain.—Closes Oct. 31. Contrary to the previous opinions

of some local lawyers there is no question whatever as to the time for the opening of the deer season in eastern Oregon. It opens September 1 and Deputy Warden Tonkin has been given orders to prosecute anyone hunting prior to that time.

The two conflicting statutes published yesterday and which threw the question of the season's opening in doubt are done away with by a third act passed later in the legislative session and approved by the governor February 21, 1917, or several days after the other laws had been approved therefore taking precedence over them.

The latest law found in chapter 416 of the 1917 session laws was evidently enacted to correct the conflict and it does so in specific terms, making the eastern Oregon deer season last from September 1 to October 31, the bag limit in one season being two deer with horns. In Malheur and Harney counties the season lasts from Aug. 15 to Oct. 15. Pendleton Tribune.

**SLOAN TO MOVE TO BEND.**

Man Long Identified With This Country Will Make His Home In New Town

Frank Sloan, for many years a resident of Stanfield and prominently connected with the development of this part of Umatilla county, will soon move to Bend where he will make his future home. He has purchased a large ranch in Central Oregon and will make his headquarters in the thriving metropolis of the interior.

Mrs. Sloan and the children returned to Stanfield Tuesday and she is making preparations to dispose of the household goods and depart from Stanfield. Both Mr. and Mrs. Sloan have taken an active part in the life of the community and their friends regret to see them leave.—Stanfield Standard.

**The Federated Church.**

Sunday School 9:45. We shall take up the regular International lesson next Sunday morning in the usual classes. The lesson is entitled "The Shepherd of Captive Israel." Not all teachers will be present next Sunday but we shall have teachers for all.

Regular morning service at 11:00. Morning theme, "How A Man Was Changed by What He Saw." Evening, "A Religion of Freedom." H. A. NOYES, Pastor.

**City Property Sells.**

Two recent deals in Heppner property were those of last week, when Walter Cason purchased the hill property of George Curria in west Heppner and Fred Tash bought the Frank Fuchs property on Baltimore street formerly occupied by Mr. Cason and family.

Guyle Shurte, son of C. W. Shurte of this city, left last Sunday for The Dalles to take the examination for the medical corps, in the United States army. Mr. Shurte formerly lived in Arlington, but during the past few months has had charge of the dry goods department at Minor & Co.

Mrs. Linnie Thornton, Mrs. Tom Arnold and Mrs. Wm. Saunders have entered the Heppner sanatorium for surgical treatment.
