**Much Time and Money**

have been wasted in a vain endeavor to convince people that there is real virtue in Imitations and Substitutes, not alone in the goods themselves, but in the methods of selling. In the end the people find out that it is only a "new slant" to the old game and that any variations from the established principles of sound business dealing are sure to result unsatisfactorily. Let your local dealer show you "the Nigger-in-the-wood-pile." It's there.
