PRIZES ARE OFFERED FOR BEST ESSAYS

To encourage in the youth of the state love of country and study of its history, the Oregon Society of the Sons of the American Revolution annually offers to pupils in the public schools of the state a series of prizes for the best essays on subjects connected with the history of the American Revolution.

It is peculiarly appropriate at this time to recall the help of France at the most critical period of that life and death struggle, and the Committee in charge of the contest therefore has announced the following subject: Our debt to France for aid rendered to the American Colonies in the Revolutionary War.

Three cash prizes will be awarded: the first of \$25.00, a second of \$15.00 and a third of \$10.00.

The contest is limited to students in high schools and in the two higher grades of the grammar schools.

The conditions controlling the contest are as follows: Essays shall not exceed three thousand words in length; shall be written in the pupil's own handwriting on one side only of white paper, and must be accompanied by a certificate of the pupil's teacher to the effect that the essay is the unaided work of the pupil. Essays must be signed by the writer with full postoffice address including name of county, and mailed to Mr. A. A. Lindsley at 400 Henry Building, Portland, Oregon, and must be received not later than April 1st, 1918. Essays not complying with these requirements will be rejected, and no essays will be returned.

Prizes will be awarded upon the following points:

1. Originality.
2. Accuracy of statements.
3. Manner of treatment.
4. Orthography, syntax and punctuation.
5. Neatness and legibility.

The State Library has special collections of books on the American Revolution which have been provided by the Oregon Society of the Sons of the American Revolution and are available for any school in Oregon free of charge except for transportation to and from Salem. The grade libraries contain twenty volumes, and for the high schools there are thirty-three volumes. They may be obtained by writing Miss Cornelia Marvin, State Librarian, who takes an active interest in patriotic education and gladly will afford every possible facility to ambitious students.

A. A. LINDSLEY,  
Chairman of Committee.

have been wasted in a vain endeavor to convince people that there is real virtue in Imitations and Substitutes, not alone in the goods themselves, but in the methods of selling. In the end the people find out that it is only a "new slant" to the old game and that any variations from the established principles of sound business dealing are sure to result unsatisfactorily.
