REGISTER WITH HOOVER.

The week Oct. 21-28 has been designated as the week for the registration of the households of the country in the food conservation campaign. Later it was thought best to defer the registration one week, but owing to the fact that the registration is to be made largely through the schools, it s advisable to go ahead with the campaign next week, since the schools of this county are closed a part of this week on account of the institute.

The American people are asked to eliminate waste and to substitute double its capacity. other foods in order to save wheat meat, sugar and dairy products. They are not asked to starve themselves, or even to eat less, but they are asked to help by practicing the "gospel of the clean plate" and by eating more corn and rye instead of

so much wheat and by eating more fish, poultry, and eggs, and less meat. Mothers and fathers have parted with their boys, sisters have given up their brothers, wives have said goodby to husbands, and sweethearts have seen their lovers depart for the from. No one who has not been included among these can fully realize the sacrifice they have made. And, the boys themselves, think what they are doing. They are going out to give up Coast Guard station at Florence, their lives, if need be, that we may not be compelled to yield to the rule of a foreign autocracy. Is that any is to start a new vessel every thirty small matter? And should we hesitate to make some sacrifice that these brave boys and their comrades in may have something to eat while they are fighting our battles? Then let us do our part. Let us sign up with Mr. Hoover to do the best we can to eliminate waste and to conserve the staple foods. Let us be ready to do a little work to get every of the United States, and if our coun- where. try is worth anything to us, let us en-

They will need some help in some of the districts. The patriotic women have promised to help. Some of the men will be asked to give a little time and the use of a horse and buggy or an automobile. Let us see that Morrow county makes a record in this matter. Coos county has started out to be the banner county. Let us show 6.97 them a merry race. Let every man. and every woman say, "I will help these young patriots. I will not let the pupils of my school think I am a slacker. I am ready to help my country by helping in this work." Call up your teacher and ask her if you can help in any way. If she can't tell you of anything to do, call up some member of the executive committee. And, all the time, early and late, boost for Hoover, boost for America, boost for liberty, boost for humanity. EXECUTIVE COMMITTEE
