Manager Cox of the Heppner Creamery states that he is having a hard time of it getting hold of milk and cream to supply his Heppner customers. On account of short feed the cows at the Alfalfa Lawn Dairy are falling off in their milk supply and the creamery is cut short from that source and are up against the proposition of rustling milk from various other farmers who have small herds. Instead of improving, the condition is growing more serious and Mr. Cox fears that he is going to be strictly up against it in providing a supply sufficient for his customers. As to cream, that is almost out of the question already and the hay shortage is not going to improve the situation.

FOR SALE—House and lot. See Fred Elder.

The new Trench model or Army coat is sure to please in the overcoat line. We also have the conservative models for those who prefer them.

Our prices on Stag Shirts and Mackinaws are sure to please. Call in and have a look at the line and be your own judge.
