MAKES CLUBBING ARRANGEMENT WITH

THE OREGON FARMER

Offers Unusual Opportunity To Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with **THE OREGON FARMER** whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of **THE OREGON FARMER**, will be entitled to receive **THE OREGON FARMER** in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

Extends Thanks to Friends.

Mr. T. H. Lowe, postmaster and storekeeper of Cecil, wishes to thank through the columns of your valuable paper, all those who took part in his farewell reception on Friday night last, as it is impossible to thank personally every individual who extended their good wishes to him.

REGISTRATION FOR FOOD CONSERVATION

Very gratifying reports are coming in concerning the registration for food conservation. Many families are already doing their best to eliminate waste and use substitutes. They, of course, are ready to sign the pledges without question. Nearly all others, as soon as they see the importance of united action, readily sign up. No one is asked to do impossibilities, but all are asked to do the best they can.

Florida has sent a challenge to Oregon to beat them, if we can, on percentage of families pledged. Let us see that they do not beat us.

If you are not seen by the solicitor

ber of the executive committee, and a pledge card will be sent you. Send the notice by mail or personally or by telephone. Morrow county should rank at the top in this work.

If the Liberty Loan is fully subscribed and the food pledges close to 100 per cent are signed, it will be a great encouragement to our boys in uniform.

THE PATHEPHONE

has many special features in construction, making it the most popular talking machine on the market. It's soft, sweet reproduction so unusually free from surface noise. No need to change. Records guaranteed to play one thousand times, together with the fact that machine and records both cost less money than any make which can be considered to approach it in class. We invite your inspection and stand ready to prove our claims of its merit.
