MAKES CLUBBING ARRANGEMENT WITH

THE OREGON FARMER

Offers Unusual Opportunity To Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

FRESHMEN GIVE PARTY;
OTHER SCHOOL EVENTS

Freshman class party on Friday last is reported to have been a grand success. This was the first class party of the year, barring the Senior "Glees and Giggles," which might have been classed as a party. The Freshmen assembled early in the evening and proceeded to have a good time. The boys wore their old clothes, but there was no apparent reason for this. It was reported beforehand that it was to be a "Hooverized" party but it was noticed that there was an abundance of eats. The party broke up quite late, that is quite late for these innocent beings, and it was noticed that almost all the boys had escorts home, there being about three girls to one boy in the Freshman class.

There was a mistake in last week's items. The item about the football game stated that the first game was to be on the 20th in one place and on the 2nd in another; both of these dates are wrong for the game is to be staged at Ione on the 10th of November. The writer wishes to make

amends for this mistake and promises to not make any more such blunders in the future.

The literary program given by the Ciceronian Literary Society last Friday afternoon was a budding success. That is, it was not a full-bloomed success. One reason for this was the short time in which the performers had to prepare their parts, and also the turbulent times the last week, which were caused by the Hoover campaign. Nevertheless it was considered fairly well given. The essays and readings were especially good, and the debate, which netted the affirmative the unanimous decision of the judges, seemed to be a pretty good source of amusement.

It is the Philomathian Society's turn to present the next program, which will probably be given around Thanksgiving. This gives them sufficient time for preparation, and the students are looking for an excellent program on the date which will be announced later.

Wm. Lowen was down from Hardman Saturday closing up some business in connection with a few of horses he had advertised for sale as estrays at his place.

While at Seattle Mr. and Mrs. Patterson viewed a military parade of some forty thousand soldiers, marching four abreast that strung out for fifteen miles. They also got a glimpse of what the war really is by seeing many of the returned Canadian soldiers at Victoria and hearing their stories.
