pointed To Take Up Junior Work.

ter of the Red Cross was held on you write tell him that you are sup-Tuesday evening for the transaction of business.

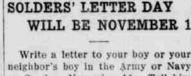

The committee on by-laws presented their report, and the by-laws were Jutely free to him. duly adopted.

In order that the Junior Red Cross work might be taken up, a committee consisting of Messrs. S. E. Van Vactor and A. M. Phelps and Mrs. W. A. Richardson was appointed by the president to investigate and report later as to the feasibility of undertaking the organization of this branch of the work. It is understood that the work among the juveniles is purely educational, and to that end the assistance of the County School Superintendent will be elicited. In many places this line of work and the young people are being inpared to take up the actual work of the organization.

The Morrow County Chapter is called upon to furnish at least 275 Christmas packets for the soldiers, and to this end it will be necessary to raise a fund of between \$450 and \$500. To get this program mapped out, and a plan of operations organized a committee composed of S. E. Van Vactor, W. P. Mahoney and M. D. Clark was appointed. This work will be taken up at once and the aid of the entire county solicited. In this connection it can be stated that the work has already been begun in different localities. An entertainment was held this week by the Strawberry school, Miss Robertson teacher, and \$41.75 raised for the Christmas packet fund. The Lena school district is at work, under the direction of Mrs. Percy Hughes and will shortly report success, and this is one of the lines of work that will be taken up, along with personal solicitations. No Christmas packet is to cost in excess of \$1.50 and the Morrow County Chapter feel sure that they will be able to furnish their allotment.

# **Pastor Tenders Resignation.**

Turner B. MacDonald, pastor of the Christian church here for the past year and a half, presented his resignation to the church on Sunday morning last, the same to take effect on or before the first of the year. This step is made necessary, Mr. Mac-Donald explains, owing to the continued ill health of Mrs. MacDonald. who finds that there is no chance of improvement in this high altitude and must go to a lower level. Mr. MacDonald has found a warm place in the hearts of the people of his church and they regret to have to part with him.

Mr. Krebs, who runs sheep on Skinner creek, lost a bunch of 14 head of fine bucks by poisoning one day this week, while driving the animals up Willow creek from Heppner. Peterson

# INITIATION, BANQUET PLANS COMPLETED

At hte regular meeting of the Hibernians in I. O. O. F. hall Sunday last, arrangements were completed for the initiation and banquet to be held on Sunday, Nov. 18th. On this date, services will begin at 10:00 by Albert Hirschheimer of La Crosse, all Hibernians and candidates assembling at the I. O. O. F. hall and then in a body proceeding to the church for religious services, then will follow the program as heretofore announced. F. A. McMenamin, Michael Kenny, M. L. Curran and Pat Connell were appointed a committee to solicit the people of Morrow county for their assistance in behalf of the Knights

of Columbus War Fund for the soldiers and sailors. The Knights of Columbus are particularly fitted for the work that they have undertaken, after having established and maintained sixteen recreation centers along the Mexican border last year for the men of the National Guard, and for which work they received the commendation of the military authorities. This order has been designated by the War Department as the official agency for all Catholic activities among the soldiers and sailors, just as the Y. M. C. A. has been system. The estimated amount of designated as the official agency for all Protestant activities along the same line. Both the Y. M. C. A. and Knights of Columbus have been granted equal privileges by the Govother supplies from the Government. at its prices. Both organizations furble. The Army Y. M. C. A. will keep stances above the committee did not nish recreation centers for all regardup the home tics and furnish suitable make full appointments, simply nam- less of religious belief, and their places of recreation for the boys, and ing chairmen who are left free to work is performed over seas as well

The Knights of Columbus have started a campaign to raise \$3,000,-000 for the purpose, among other things, of taking care of the religious needs of Catholics, which number about 40% of the men in the service. At the Hibernian meeting Sunday, although many of the members present were members of the Knights of Columbus and have already paid

their per capita tax, through which \$1,000,000 has been raised, yet they responded generously to this new appeal and in a short time an amount running into the hundreds was subscribed.

Wm. J. Bryan, and a host of wellwishers among prominent business and professional men of all creeds.

Wis., Acquires 22,000 Acres in Central Oregon.

# (Portland Telegram)

Confirmation has been given of the deal recently closed whereby Albert Hirschheimer, of La Crosse, Wis., has purchased approximately 22,000 acres of pine timber on the headwaters of the north fork of the John Day river, in north central Oregon, at a total price of a little more than \$500,000. Plans are under consideration for getting the timber out and manufacturing lumber which will require the construction of a logging railway with several spurs. From the nearest railway point to the timber tract it is about 25 miles. This point is the southerly terminus of the Heppner branch of the Oregon-Washington Rail Road & Navigation timber in the tract has not been disclosed.

Purchase of 15,000 acres was made in September from the Earle & Edwards Land & Title company, a Wisconsin concern, but the deal was kept quiet until the papers were signed last week, wherby title to over 7000 acres was taken from the Northwest Timber company, a Spokane concern. Some property figured in the consideration, but the transaction carried a large part in cash.

The exact location of the timber which has just changed hands is in township 6 south, range 25 east, which is in Wheeler county, and in ranges 26 to 30 east, both inclusive, which are in Morrow and Umatilla counties, with portions extending over the boundary line into Grant county.

Mr. Hirschheimer, the purchaser, was formerly heavily interested in the Wind River Lumber company, operating in the Cascade mountains. He is president of a large concern manufacturing agricultural machin-The Knights of Columbus in their ery at La Crosse, Wis., and is rated war work have the commendation of in the millionaire class. Mr. Stalter is now make good money in mining the May- in is the program in full: flower group, and he is very enthusiastic over the prospects. A railroad is being constructed into the section and this will be of great advantage in getting the ores of the mines to the smelter. To connect with this railroad, which will be completed the coming summer, will require a haul of but five miles, all down hill. Mr. Stalter will remain at Heppner for the winter.

# Will Have Union **Xmas Entertainment**

Arrangements have been completed among the churches of Heppner for a union Christmas entertainment on the evening of December 24. A cantata is being prepared under the direction of Mrs. H. A. Noyes, participated in by the children from the Federated, Episcopal and Christian Sunday schools, and these churches are to unite in preparing the other parts of the program and look out for the gifts that will be placed upon the tree, making it a community affair It is a little early yet to make definite announcements, but the parts have been assigned in the cantata and the children are already drilling, so we anticipate that this much of the program will be a complete success Look out for further and detailed announcements.

# Creamery Will Move.

The City Meat Market building is being "made over" this week to receive the machinery of the Morrow County Creamery which will move to the new location just as soon as the work is completed. A concrete floor has been put down for the main part of the building and partitions removed and the creamery will be quite conveniently situated in the new quarters.

M. R. Morgan, of Ione, was called to Heppner on business Wednesday.
