## APPRECIATES WORK OF THE STATE PRESS

The Publicity Committee, having in charge the work of getting the Second Liberty Loan before the Oregon public, make the following comments on the work done by the State press:

Publicity for the second Liberty Loan campaign in Oregon seems to have been the maximum conceivable, especially considering the delay in getting it started. The press of Oregon, both city and country, almost without exception, devoted columns and pages of space to the Liberty Loan. Several newspapers devoted as high as four pages in one issue to Liberty Loan matter prepared by Mr. Orton Goodwin, publicity manager.

To the Oregon press is due more than to any other one factor the success obtained by the Liberty Loan campaign in Oregon. The volume of press clippings is beyond anything the writer ever beheld.

So far as headquarters is concerned the credit for actual publicity work is due to Mr. Orton E. Goodwin. This committee was fortunate in being able to secure his services. Your Vice Chairman has had a country wide experience in handling publicity work but never in all his experience has he seen anyone with the burning genius for conceiving and executing resultful newspaper publicity as displayed by Mr. Goodwin in this campaign. He wore himself to the point of exhaustion by night work—sometimes being at his typewriter until three o'clock in the morning and again at eight ready for another arduous day and night. He was burdened with many details which should and could have been executed by clerical help, were such available. During the last two weeks of the campaign Mr. Goodwin had sole charge of the publicity, as the Vice Chairman of your committee found it necessary to abandon practically all publicity activities and devote his entire time to the statistical compilation of country returns and telegraphic hammering of the different counties and communities. This your Vice Chairman did in the name of the Publicity Committee, although it was properly the work of the Distribution Committee. The field was being entirely neglected so without authority or permission your Vice Chairman concentrated his energies along these lines. The result of this work done in the name of the Publicity Committee can be estimated at from three

### HOOVER'S GON' TO GET YOU.

The darned old Hoover pledge has come to our house to stay; To frown our breakfast bacon down, and take our steak away; It cans our morning waffles, and our sausage, too, it seems, And dilates on the succulence of corn, and spuds, and beans. So skip the sugar in your cake, and leave the butter out, Or Hoover's goin' to get you if you Don't

Watch Out!

Oh, gone now are the good old days of hot cakes thickly spread; And meatless, wheatless, hopeless days are reigning in their stead; And gone the days of fat rib roasts, and two-inch T-bone steaks, And doughnuts plump and golden brown, the kind that mother makes.

And when it comes to pie and cake, just learn to cut it out, Or Hoover's goin' to get you if you Don't

Watch Out!

So spread your buckwheats sparingly, and peel your taters thin; And tighten up your belt a notch and don't forget to grin. And if, sometimes, your whole soul yearns for shortcake high and wide, And biscuits drenched with honey, and chicken, butter fried, Remember then that Kaiser Bill is short on sauerkraut, And Hoover's goin' to get him if we'll All
