The U. S. Civil Service Commission will hold examinations for typewriters and stenographers and typewriters on December 1, December 14, 1917, and January 5, 1918. 10,000 typewriters, stenographers and typewriters are wanted for the Government Service, and all persons who have this knowledge are urged to apply for examination. Practically all persons who pass the typewriter or stenographer and typewriter exam-

inations and are willing to accept employment in Washington, D. C., are being appointed as soon as they attain eligible ratings. Applications and full information may be secured from Herbert F. Ward, District Secretary, U. S. Civil Service Commission, 303 Postoffice Building, Seattle, Washington.

SOLDIERS' INSURANCE AND FAMILY ALLOWANCE

By an Act of Congress approved by President Wilson Oct. 6, 1917, the United States Government is now insuring soldiers against death or permanent disability at the astoundingly low rate of seven and eight dollars per thousand per year, and under the terms of the Act is permanently embarked in that business. A soldier who we will say is just 21 years of age can take out a policy for ten thousand dollars (which is the full amount permitted under the law) for \$6.50 per thousand per year or \$78 per year for the full amount. This insurance may be applied for in favor of one or more of the following persons: wife, child, father, mother, brother or sister.

Under this same act approved Oct. 6, 1917, if a soldier will make an allotment of a portion of his pay to his wife or any other dependent the Government will pay them the same amount. In other words it is a fifty-fifty game. The amount the Government will pay is fixed by law—\$15 for wife, \$25 for wife and child, \$32 for wife and two children and \$5 for each additional child. For one parent \$10, and for two parents \$20, and \$5 for each brother or sister. The soldier of course must pay them the same, except that he need not give more than half of his pay, and he can't give less than \$15 per month.

No nation has ever placed so liberal valuation on lives of its defenders nor provided as well for the needs of their dependents.

The basket social organized by Mrs. T. H. Lowe in aid of the Red Cross was a bumping success, upwards of 200 people being present, Arlington, Gooseberry, Montague, Ione, Morgan and Cecil being represented. A lively waltz was played by H. S. Ewing and Paul Anderson, starting off the evening's entertainment. Basket selling commenced at 10 o'clock. There were 37 baskets in all sold, making from \$4.50 up to \$12.50 each. Some of them were very beautiful designs, one in particular, a bachelor's basket for ladies only to bid, was sold for \$12.00. Dancing was continued until 2:30 a. m. Music was voluntarily furnished by Mr. Ewing and Mr. Anderson, assisted by Miss Irene Douglas. Great praise is due to A. Henriksen for the able and efficient manner in which he disposed of the baskets as auctioneer. H. S. Ewing was clerk and had rather a strenuous time for a while. The total proceeds amounted to the nice little sum of \$234.15.

Draft Information.

If you want to be a volunteer, now is the time to enlist. After December 15, when the new draft regulations become effective, men of draft age will not be permitted to enlist voluntarily in the army, navy or marine corps.

Under the new classification system through which the draft will be conducted after Questionnaires to be sent every registered man in the next few weeks have been answered and returned to local boards, these men will be held for service under the draft.

There are only two exceptions to this new rule. Here is the exact language of the regulations in regard to the first exception:

"Upon presentation to a recruiting officer of an certificate by his local board to the effect that his class and order number are so low that he is not within the current quota of his local board, any registrant may enlist voluntarily in the Navy or in the Marine Corps."

But no provision is made for voluntary enlistment of men of draft age in the Army.

The other exception has to do with medical students, hospital internes, dentists, dental students, veterinarians or veterinary students, who will be permitted under regulations to be drawn up by the Surgeon General of the Army, to enlist in the Enlisted Reserve Corps of the Medical Department.

The new rule does not affect voluntary enlistments by men not of draft age.

Aaron Peterson, of Eight Mile, was in Heppner Saturday and remained over Sunday with his family now residing here for the winter. Mr. Peterson is hoping for some wet weather which will be of great benefit to the farmers.
