Dated this 6th day of December, 1917.

E. J. Starkey of the Pacific Telephone and Telegraph Co., made an official visit to Arlington last week.

Frank Anderson of Eight Mile was a Tuesday visitor in Heppner. He reports cold weather out his way.

NEWS OF STATE AND NATION.

Two thousand persons are dead and hundreds injured at Halifax, N. S., as the result of a terrific explosion following the collision between a Belgian relief ship and a munitions ship. The exact number of dead may never be known. The docks at Halifax are the largest in the world.

War against Austria has been declared by the United States Congress. The resolution was adopted unanimously in the Senate and with but one dissenting vote, a Socialist, in the House. As a result, a million aliens will be interned under the espionage act recently passed by Congress.

The Oregon Farmers' Union in convention at Pendleton recommended the conscription of men for industrial service to the end that the present labor shortage be relieved and that the production of food stuffs be increased.

Two thousand pamphlets have been sent out to woolgrowers of the Northwest and to officials in Washington, by the Oregon Woolgrowers' Association, showing the position of that organization regarding the wool situation and the nation in the present crisis.

Organized labor has thrown down the gauntlet to Postmaster General Burleson. President Gompers of the American Federation of Labor said: "The American Federation of Labor will resist any effort made by Postmaster Burleson to put into effect his recommendation to congress that the right of the postal employees to organize will be bitterly fought." Mr. Burleson has said he would favor putting through Congress a bill denying postal employees the right to organize.

"Black Jack" Pershing wants airplanes over in France. This was the substance of a message delivered by Augustus T. Post during an address before the Automobile Club of America at a war relief assembly. Mr. Post, who returned recently from Europe, predicted that General Pershing would be able eventually to send a written message by airplane to President Wilson and receive an answer in the same way, all within 48 hours.

The Supreme Court of the United States has been asked by the Government to dismiss the cases attacking the constitutionality of the selective draft act. The Government contends that the liberties of a few may be taken away when the liberty of the nation as a whole is at stake.

erating for the encouragement of bulk methods of grain handling and Seattle for doubling the capacity of its elevator.

The county unit for school management was rapped by the Union. "Whereas there is a tendency to establish the county unit, thereby placing all schools of a county under one management and taxing all for maintenance, be it resolved that this convention is intensely opposed to the move," the resolution said in substance.

A slap at the member who uses his membership to undermine the best interests of the organization was taken in the resolution declaring it would be considered unfraternal, detrimental to the union and in violation to his obligations for any member to publicly oppose a declared policy of the union "as a member rather than an individual."

The Farmers' Union will initiate a bill for the repeal of the six million dollar road bonding measure. The measure was branded as iniquitous by the roads committee. It was pointed out that only a small percentage of the voters voted on the measure and the campaign methods of the proponents were denounced. The operation and execution of the law has turned many against it, it was declared, and the repeal will prevent the commission from spending the last three million dollars.

One of the features of the meeting as reported by the Pendleton East Oregonian, was the tilt on Thursday evening between members of the union and W. L. Thompson, of the state highway commission. C. E. Spence, master of the state grange had urged cooperation of organizations for the advancement of things upon which they were all agreed rather than contentions over things upon which they disagree. Mr. Thompson, having in mind Mr. Spence's opposition to the road bond issue, commended him for his remarks which he interpreted as putting him on record to work with the commission for better roads. Mr. Thompson admitted that some of the arguments made by the bond opponents were true but declared that the commission is trying to secure as much road improvement as funds available will provide and to that end had purchased a paving plant rather than give all contracts to paving companies. Practically all the old officers were

re-elected. They are: J. D. Brown, Portland, president; Frank Burkholder of Coquille, vice-president; and F. A. Sykes of Corvallis, secretary-treasurer. A. R. Shumway of Milton was re-elected to the legislative committee and Dr. C. J. Whittaker of Cambridge, Idaho, was re-elected to the executive board.

Is Getting Results.
The live wire among the churches of Oakland, California, is the way Henry VanWinkle, formerly of the First Christian church of Heppner, is referred to by the people of that city. By reason of his crowded church every Sunday evening, and the methods used by Rev. VanWinkle in drawing the crowds, he has gained the reputation of being the one minister there who is getting results. The First Christian church of Oakland, of which Rev. VanWinkle is pastor, has the distinction of being the home of the first Loyal Young Men's class. The movement has spread until now there are 10,000 such organizations throughout the United States.

Medical Advisory Board.
Upon recommendation of Governor James Withycombe, President Wilson has appointed Dr. A. D. McMurdo, Dr. C. Dabney and Dr. H. T. Allison as a medical advisory board to serve for Morrow county in connection with the selective draft registration for the National Army. These men will accept the appointment, with the exception of Dr. Dabney, who has moved away. It is likely that some other physician will be appointed to take his place on the board.

Y. M. C. A. Fund Grows.
The Y. M. C. A. fund is growing. The amount previously reported was \$3490.20 and added contributions from E. P. Jarmon, J. A. Gibbons, Ralph Bengt and I. C. Cox have boosted the fund to \$3501.20. In the detailed report a few weeks ago, an error was made in the figure opposite the name of Oscar Keithley. It should have been \$20 instead of \$2.

Thanks Those Who Helped.
The Red Cross bazaar of last week was a splendid success in every detail. Members gave freely of their time and donated liberally of material. The executive committee want to thank these members and also the many friends of the Red Cross who worked and supported the bazaar so enthusiastically. HENRIETTA COHN, President.
