Mesdames Bennett and Lowe and Misses Easton and Georgia Summers, accompanied by Walter Pope and his Ford and Willie Lowe, called upon Mr. and Mrs. A. Henriksen and Mrs. Jack Hynd Sunday.

SAVE THE WHEAT

By What You Eat

THE United States Food Conservation Commission asks you to make your fight for democracy by saving certain food-stuffs for our soldiers in the trenches.

Food Will Win the War

The Greatest of these Foods is Wheat

Eat less wheat by substituting with rye, graham and corn meal. Eat more cereals of the wheatless nature, such as corn flakes, rolled oats and cream of barley.

ON BULK HANDLING OF CROPS, SEASON OF 1918

Professor of Farm Crops og O. A. C. Is Much Interested in Subject.

Corvallis, Oregon, Jan. 14, 1918.
Mr. Burton H. Peck,
Heppner, Oregon.

Dear M. Peck:

I wish to thank you for the bulk granary plans you sent and the letter of explanation which accompanied it.

We had a very good grain convention this year and while a number of the speakers including Mr. Turner and Mr. Else of Condon, were not present, by the help of your former letter and with the assistance of another man who had been somewhat familiar with the work at Condon, we were able to get reports on most of the bulk plants in the state. The principal points that were brought out at the convention were, the very great importance of providing for bulk handling in time to handle the 1918 crop. Crop prospects are very good, the acreage is large, and is increasing and in the face of an apparent bag shortage it looks as though a large part of the crop must be bulked whether the farmer wants to or not. Therefore, it is exceedingly important that the farm storage and that means for handling the grain in bulk at the shipping points be provided for while there is an opportunity to use labor and before the rush of harvest in the summer. The importance of cleaning the grain free of Ball smut as quickly as possible after threshing and of disposing of dockage at the shipping point rather than at the terminal were two of the very important points discussed. As you are undoubtedly in touch with the situation in that county, will you not write me and indicate something of the sentiment toward bulk handling at Lexington, Ione and any other points in the county where it may be feasible, and also, I shall appreciate it if in mentioning any particular place where the work may be put on to advantage you will give the name of the man most likely to take hold of it at such a place, and assist in organizing the meeting which the College will be in shape to put on

some time this winter or early spring. With best wishes, I am
Very truly,
GEO. R. HYSLOP,
Professor of Farm Crops.

The foregoing letter shows the keen interest felt for the Eastern Oregon grain farmers, by our State College.

The farm papers and newspapers of the Northwest are laying special stress on the conditions that confront the grain farmers, particularly in the handling of the 1918 crop.

The individual farmer must show an interest in this matter and act in time.

To those wishing instruction as how best to meet these needs, it would be well to write Prof. Geo. R. Hyslop, Chief of Farm Crops, Corvallis, Oregon, who will suggest plans to assist individuals, or will arrange to hold meetings in communities wishing to build storage bins, bulk granaries or elevators.

If desired, I will be glad to take up the needs of farmers or communities, with our State College, if your requirements are made known to me either in person or by letter.

BURTON H. PECK.

Win the war with wheat and alfalfa. I own 513 A. sagebrush land under West Ex. Canal, Morrow and Umatilla, plenty water. Adjacent land in alfalfa produced six tons per acre last year and paid me \$48 per acre rent, 1/4 crop. Will sell my land for \$50 per acre on crop payment. No cash required. Geo. C. Howard, 314 Chamber of Commerce, Portland, Ore.

INFORMATION CONCERNING SELECTIVE DRAFT

Government appeal agents are directed, in an order just issued by the Provost Marshal General at Washington, to appeal to a district board every case where a draft registrant who has married since May 18, 1917, has been granted deferred classification by his local board on account of being married.

This does not mean that the Government is seeking to revoke deferred classifications granted to men who have married since May 18, 1917. The main purpose of the order, it is announced, is to obtain uniformly an action in handling applications for deferred classification by men who have married since the selective draft law went into effect.

At the same time district boards

will give careful scrutiny to each such case. If local boards appear to have been too lenient in their interpretation of the regulations in this connection, reversal of their ruling may be expected by the district board before which the case is taken, or the case may be sent back to the local board for additional evidence.

Here is the language of the regulations in regard to men who have married since the law became effective:

"On May 18, 1917, every person subject to registration had notice of his obligation to render military service to his country. The purpose of the Selective Service Law was not to suspend the institution of marriage among registrants, but boards should scrutinize marriages since May 18, 1917, and especially those hastily effected since that time, to determine whether the marriage relation was entered into with a primary view of evading military service, and unless such is found not to be the case boards are hereby authorized to disregard the relationship so established as a condition of dependency requiring deferred classification under these regulations."

Wheat Ranches Wanted.
We have cash buyers for Eastern Oregon wheat ranches, provided the price is right, and the land is O. K. Let us hear from you if you wish to sell. J. L. HARTMAN COMPANY, No. 7 Chamber of Commerce Bldg., Portland, Oregon.

HEPPNER NEWS

This Case Has a Hint for Many Gazette-Times Readers.

This Heppner woman has used Doan's Kidney Pills.

She has found them as represented. She wishes her neighbors to know. She publicly recommends them.

No need to look further for a tested kidney remedy.

The proof of merit is here and can be investigated.

Profit by the statement of Mrs. B. G. Sigsbee of K. St. She says: "Speaking from personal experience, I can recommend Doan's Kidney Pills for I have always found them to be just what is represented of them. Whenever I get that tired, dull ache across the small of my back and notice that my kidneys are not acting right, I get a box of Doan's Kidney Pills. After taking them a few days, I feel as well as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sigsbee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Your Wife and You will both be satisfied with SILVERWARE
