GILLIAM & BISBEE

are prepared to furnish the farmers and stockgrowers with all kinds of machinery and extras for their 1918 equipment.

There is going to be a shortage of extras and we would advise going over all machinery NOW and ordering all the extras you will need this season and have all machinery adjusted and ready for use when the time comes to use it.

Take our word for it, if you wait until the extras are needed you may not be able to get them.

There will be no time to waste in 1918

BRAND WHITLOCK REVEALS PAN-GERMANISM

U. S. Minister to Belgium Will Tell His Story of That Country in Sunday Journal.

The tragedy of Belgium has awakened the world to the full significance of Pan-Germanism—that over-ambitious policy of territorial and economic aggrandizement that reckons not with treaty obligations and human considerations in its accomplishment.

Belgium was the quickest highway to France. Therefore, Belgium must be sacrificed regardless of Germany's previous guarantee of Belgian neutrality for, declared the Prussian machine, a treaty is only "a scrap of paper" and "necessity knows no law."

For more than four years the United States has been represented at the seat of the Belgian government by Brand Whitlock as minister. Mr. Whitlock became famous in this country during the four terms that he served as mayor of Toledo, Ohio when his broad understanding of civic problems was evidenced in his writings.

No more suitable man could have occupied the Belgian legation during this critical period than Brand Whitlock and his account of Belgium's tragic experience which will be published serially in The Oregon Sunday Journal beginning February 17, is the biggest story that the war has produced.

LIVE CECIL NEWS ITEMS

Herb H. Everett left for Pendleton on Friday in his auto.

Martin Baurenfiend of Ione was at Arlington on Thursday.

NEWS OF STATE AND NATION

Washington.—Senator Penrose has pointed to West Point, now given by law to a limited number of enlisted men in the regular army and the national guard, has been extended to include privates in the national army, the war department has announced. The number of appointees remains the same as before, 108 men annually from the three military sources. Commanders of the divisional camps have been instructed to designate the men whose records indicate special aptitude for army careers.

Washington.—Senator Penrose has issued a statement calling for the unity of the republican party and urging every member of the national republican committee to attend the meeting in St. Louis. He said there had been 150 days delay in "pushing preparedness" since the United States went to war and that the best way to speed up was to make the republican party a party of constructive criticism as well as of patriotic cooperation.

New York.—America has over 212,000 troops in France according to Andre Tardieu, French high commissioner to the United States. He said France will be able by July to manufacture enough artillery to supply 20 American divisions, providing the United States provides the necessary raw materials.

Chicago.—The United States is facing a shortage in the field of medicine and surgery through enlistments of doctors in the army, and home people are imperiled, according to Dr. E. C. Sawyer. He declared that medical courses in colleges must be shortened to meet this.

President Carranza of Mexico recently sent birthday greetings to the Kaiser. The fact that he wished the Kaiser well, is evidence enough to show where the present head of the Mexican government stands as regarding the present world-wide conflict between autocracy and democracy.

New York.—Scientists and business men recently sat down to a "whale steak luncheon" at the American Museum of Natural History. When the meal was over they declared the big mammal furnished as delicious and appetizing a dish as any meat market affords. The menu included cold whale hash in jelly, whale pot au feu, planked whale steak a la Vancouver and boiled skate. Celery, radishes and war bread completed the meal.

FOREST NOTES.

Nearly one hundred thousand people visited the Eagle Creek Camp and Picnic Ground, on the Oregon National Forest in 1917.

The total amount of timber cut on the National Forests in the fiscal year 1917 was 840,612,000 board feet, as against 714,505,000 board feet in 1916.

Studies at the Forest Products Laboratory, at Madison, Wis., have shown that Engelmann spruce treated by the sulphite process gives a pulp that compares very favorably in color and strength with that of white spruce.

About 200 board feet of wood is used in the actual construction of the average airplane. To obtain this material it is ordinarily necessary to work over about 1,500 feet of select lumber, which often represents all that can be used of 15,000 board feet of the standing timber.

According to one of the German forestry journals, the Kaiser, in 1908, killed 1,995 pieces of wild game, including 70 stags, elks and roebuck. At that time he had slaughtered a total of 61,730 pieces of game, more than 4,000 of which were stags, and was the leading exterminator of wild life in the world. As a slaughterer of men, women and children, since 1914, however, he has been the foremost exterminator of human life in all history.

J. H. Miller, accompanied by Miss Hazel Winters took in the masquerade ball at Ione last Friday night.

Mr. and Mrs. Willis were Cecil callers Friday.

Alf Shaw has been busy unloading lumber for the Buttery Flats during the past week.

Henry Stender and George Miller have been hauling some fine wood home from Cecil the past few days.

Frank Deos and his son Jess of the Willows were Cecil callers on Saturday.

Walter Pope, accompanied by Mrs. Bennett and Miss Easton, took in the party on the John Nash place Saturday all reporting a good time.

Bob and Babe Montague were again in Cecil on Sunday trying to buy some horses from Albert Nash.

Mr. and Mrs. Carl Yount and family of Ione visited with Mrs. Bennett at The Last Camp Sunday.

Mr. and Mrs. Bristow and Mrs. Dick Turpin had a trip down to Cecil on Sunday. Ed said that the roads over the hill were just fine.

Dr. Chick of Ione was called to Cecil Sunday evening to attend Mrs. Melton who is seriously ill.
