

WITH the Deering Combined Harvester you can harvest your crop for one-half the expense you can any other way. Two men is all that is necessary to put your wheat in the sack.

The machine cleans the grain in perfect manner, takes out and saves all weed seed and leaves straw in bunches to be easily taken care of.

Can furnish them with or without an engine. Will have to have your order early in order to insure getting the machine. The factory is limited to a definite number of machines and when that number is reached there will be no more for anyone.

WHAT YOU WILL SEE

American Air Heroes who have been driving their battle birds against the enemies of the United States. Battle in the first line trenches and surrender of the Germans. German prisoners at work in the fields. Life portraits of English and French war leaders. Big guns firing. The battlefields from an aeroplane speeding at one hundred miles an hour. The French hospitals where American women are being sent to care for the wounded. The ruins of Verdun.

STAR THEATER, SATURDAY AFTERNOON AND SATURDAY NIGHT

Washington's Birthday
Feb. 22—Legal Holiday

THIS INSTITUTION WILL BE CLOSED ALL DAY

The inspiration of Washington's staunch Americanism has this year a wonderful timeliness.

Upon the birthday of the Father of our country may we each resolve to maintain, individually and collectively, ideals worthy of our Nation, and to support those ideals by influence and action to the limit of our power.

Like Washington, may we be loyal Americans—far-sighted, energetic, courageous, patriotic!

Minor & Co.

Drawn from a photograph of Christine Miller singing in direct comparison with the New Edison and proving that the two interpretations are identical.

A Faithful Reflection of Christine Miller

Just as the clear surface of a quiet pool mirrors the image above it so does this marvelous instrument reflect with complete fidelity the voices of the Edison artists. So perfect and satisfying are the Re-Creations that no human ear can detect a shade of difference between the performances of the artists and those of

The NEW EDISON

"The Phonograph with a Soul."

Over two million people have attended our famous tone tests in which the artist was pitted against the instrument. And not once has the New Edison failed to meet this searching test: definitely—convincingly—conclusively.

Call at our store for a demonstration.
