M., taken and levied upon as the property of said defendants, Margaret McAyeal and C. R. McAyeal, being the property mortgaged by said defendants to secure the sums aforesaid, and ordered sold by the Court to satisfy same or so much thereof as may be necessary to satisfy said judgment in favor of said Clara J. Latson, plaintiff, against said defendants, together with all costs that have accrued or may accrue in said matter.

GEORGE McDUFFEE,
Sheriff of Morrow County, Oregon.
Dated this 13th day of February, 1918.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Heppner woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Heppner woman's experience:

Mrs. H. Tash says: "A few months ago I was almost down with backache and bladder trouble. For several weeks I could hardly get about and I felt so miserable I could hardly walk. My back felt weak and sore and at times I could hardly straighten up after stooping. My kidneys became weak and I was greatly bothered on that account. Since taking three boxes of Doan's Kidney Pills, I have had very little trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tash says Foster-Milburn Co., Mfgs., Buffalo, N. Y.

1,800,000 Women Are Engaged in Agriculture in United States.

According to a late report, of the 1,800,000 women engaged in agriculture in the United States, 750,000 are under 20 years of age and 1,050,000 are negroes. A majority of the women workers are found in the Southern States.

The lines of work in which women will be likely to increase their farming activities, according to the report are vegetable gardening, poultry raising, butter making, hog raising, etc. It is suggested that women who know how to operate motor cars may with little additional training operate tractors.

Smokeless Powder Plants Will Have Capacity of Million Pounds a Day.

Plans and contracts are completed for the construction of two smokeless-powder plants, each to cost approximately \$50,000,000. The estimated capacity of each is 500,000 pounds of powder a day, and from 10,000 to 15,000 men will be employed in each plant.

The initial output at each factory is expected not later than next August. Much of the product will be available for the allied nations.

Truck Roads Are Mapped from Manufacturing Centers to Atlantic Seaboard.

A pathfinder car has started on a new lap of mapping out Army truck roads for the government, one official route having already been laid out from Detroit to the Atlantic coast and another from Buffalo to the seaboard. The car will go as far west as the Mississippi River and will map routes from cities in Wisconsin, Illinois, Michigan, Indiana, and Ohio.

When this trip is completed the Government will have four main highways forming connecting links between the great manufacturing centers and the Atlantic seaboard. Motor trucks on their way to France will follow these routes.

Carrier Pigeons Are Being Killed By Hunters.

Complaints have been made to the pigeon section of the Signal Corps that carrier pigeons of the racing-homer type, being trained throughout the United States for communication service with the American Army, have been shot by persons on hunting expeditions.

Because of the important part carrier and homing pigeons are playing in the war, and the need for their breeding and development in this country, the War Department has considerably expanded the pigeon section of the Signal Corps. Homing pigeons constitute one of the most effective means of communication in the Army.

Any pigeon in the air may be a carrier pigeon flying from a loft under Government supervision. Its destruction may be a serious loss to the American Army. Anyone coming in possession of pigeons labeled "U. S. A.-18," indicating they are being trained for American Army purposes, is requested to report the fact at once to the office of the Chief Signal Officer, Land Division, Washington, D. C.

Makes Clubbing Arrangement With
The Oregon Farmer
Offers Unusual Opportunity to its Readers

AMONG our large circle of readers there are a great many who are interested directly and indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
