## INDUSTRIAL CLUB NOTES BY COUNTY SUPT.

George Herbert Betts, author of "The Mind and its Educator," said: "When education was looked on as a matter of mere culture, or of discipline of the mind, it did not matter so much what was studied. But since we have come to see that education is directly and immediately related to success in the concrete affairs of life, it has become evident that the school must present such matter for the child to study as will give him the training needed in these concrete affairs."

Under the newer ideal for education we are coming to see that mental discipline is directly related to the amount of interest and effort which the pupil himself puts into the study, and that it has no meaning except as it applies to the actual affairs in which he sets his powers at work."

Through the Industrial Club work, the pupil can apply what he learns in school to his everyday affairs in life, and so it has come to stay and I hope in time it will be a part of the school curriculum.

Through it the child develops a spirit of cooperation and civic pride. The social nature of its members is cultivated. System, thrift, economy and leadership are developed by it. Training in the method of conducting public meetings, in standing before an audience, and in giving expression to the individual's thought, is worth much to the child and is also attained through club work.

In answer to the inquiry, "what is Club work," will say: It is the performance of a definite enterprise, based on sound principles, and supported by federal and state aid. This year it has been put on a war basis and every boy and girl in the state has been asked to do some phase of the work. Take up some project and follow it through to completion.

Its motto is: "Make the Better Best." Its emblem: The four leaved clover with the four 'H's representing, the head, the heart, the hand and the health.

Boys and girls think this over and decide to do your bit and if discouraged read the following poem, and it will help you to "Try, try again."

**Thinking.**  
If you think you're beaten, you are;  
If you think you dare not, you don't;  
If you like to win but you think you can't,

It's almost a cinch you won't.  
If you think you'll lose, you're lost,  
For out in the world we find,  
Success begins with a fellows will;  
It's all in the state of mind.

If you think you're outclassed, you are;  
You've got to think big to rise;  
You've got to be sure of yourself, before  
You can ever win a prize.

Life's battles don't always go  
To the stronger or faster man,  
But soon or late the man who wins  
Is the one who thinks he can.

MRS. C. W. SHURTE,  
County School Superintendent.

### Woman Would Take Her Place As Farm Manager.

A woman of Oregon would do her bit by taking full management of an Eastern Oregon farm. Her name is Mrs. Mary Willis and her present home is St. Johns, Ore.

In a letter to the Gazette-Times she says:

Dear Sir:  
Be so kind as to send me a copy of your paper, as I wish to locate in your county, if I can find a position. I was raised on a farm and would like to manage a sheep or stock ranch, as I believe a middle aged woman is more careful than younger men. My only son is in the army and I must needs make a living. Please let me know of some elderly men who wish to retire from active managing of their ranches. I am a member of the Rebekah Lodge and can give best references. Am fond of outdoor work and a very careful woman of middle age.

Mrs. Willis gives her address as 512 Tyler St., St. Johns, Portland, Ore.

### Fritz Rader Released on Bail By Grant County Court.

Canyon City.—Fritz Rader of Long Creek, who shot and killed Alex McCue, had his hearing in the justice court. He was held for trial, but admitted to bail in the sum of \$10,000, which was furnished by his father. The state was represented by District Attorney Ashford and Rader's attorneys are John L. Rand of Baker and Errett Hicks of Canyon.

### Former Heppner Physician Wins Medical Commission.

Dr. Chester A. Downs, who was associated with Dr. A. D. McMurdo in this city last summer, has won his commission as first lieutenant in the United States Army medical reserve corps. Dr. Downs has already left Portland for Los Angeles, where he will enter the war surgery station. He expects to be assigned to duty in the orthopedic division of the medical corps.

Dr. Downs is a graduate of the University of Oregon and of John Hop-

## WE SHOULD ALL EAT PLENTY BUT WISELY

In our zeal to do our best and to follow the request of those responsible for the food supplies of our nation we are often led into a misunderstanding of the real value of good suggestions. Eat plenty, but wisely and without waste, is a catchy saying that has not been quoted enough and if followed will lead to true Hooverizing.

According to Miss Grace Johnson of O. A. C. the term "conservation" means neither starvation—the man's idea, nor economy—as often stated by women. It means that with a little thought one or two spoonful of sugar in a cup of coffee, if carefully stirred will make that drink just as sweet as three or four that are not stirred, but remain undissolved in the bottom of the cup. For many of us it will mean substituting more vegetables in the place of a diet consisting of mostly meat and bread. We are not expected to do a full day's work with half a day's meals but we should take some thought for our own health as well as the needs of the nation especially where helping one helps the other.

FOR SALE—A two-ton Federal truck and a Velle touring car, 5 passenger. These machines in good repair. Phone 25P5 Heppner. R. H. WEEKS. 1m pd.

Meatless Days! Observe them by Eating FISH, fresh or salted

## The People's Cash Market

In cooperating with the food administration by encouraging the sale of fish and poultry as substitutes for the other meats which we want to save.

FRESH OYSTERS, CLAMS, CRABS, FISH

Mr Hoover says: "Eat more fish." The best will be found here.
